WOLFE NURSERY

STEPHENVILLE, TEXAS

NO STRINGS ATTACHED

UNCONDITIONAL GUARANTEE

Every plant that we sell is guaranteed to live — and — if any portion of your order does not live, we will replace it *absolutely free of charge*. All we ask is that you properly care for the stock when it is received by you, and plant and care for it in accordance with our planting instructions. If your order is not satisfactory in every respect when received by you, we will cheerfully refund your money or replace the stock *free*. Now, you see what we mean when we say no strings attached, because this guarantee *protects you*, and it simply means that you are *absolutely sure* of getting your money's worth when you buy from Wolfe Nursery.

*This guarantee does not cover loss from
DROUTH, FLOOD, FREEZE or HAIL.*

Hugh Wolfe

How you order Use the simplified order sheet which is enclosed. The name of everything in this catalog is listed on the order sheet as follows: name, color label, size, price each — all you have to write is the quantity and total price. Carry the total of each column to the Special Offers where you write TOTAL. Use the self-addressed return envelope — it saves time in handling your order. If we are unable to ship all your order when it is received, the items left out will be marked "S. L." which means that it will be "shipped later."

Note: If trees or plants are sold by specific size, that size is shown on order blank. Many trees are sold as 2 yr. mediums or 2 yr. large trees. This will be shown in size column of the order blank as *MED.* for medium or *LAR.* for large.

How we ship The plants and trees which we ship are larger than those ordinarily sold through catalogs.

It is impossible for us to predetermine the size and weights of all the different types of stock that we sell; therefore, transportation charges are *not included* in the purchase price. All orders, therefore, travel at purchasers expense.

The Postal Department will not accept any bundle for shipment if that bundle measures over 100 inches. (They measure the girth at the largest point — then — measure the length. If the two measurements added together are over 100 inches, they will not accept it.) Due to these restrictions imposed by the Postal Department, it is necessary that some shipments come by Express or Motor Freight.

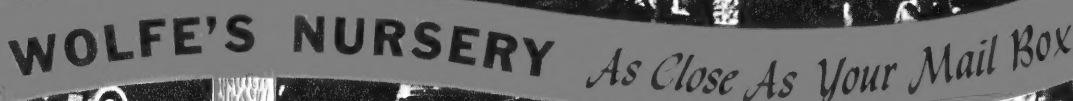

Unless you request otherwise, all bundles that meet the requirement set up by the Postal Department will be shipped by Parcel Post.

Rather than have you pay the extra fee which is charged by Parcel Post for collect shipments, we are going ahead and advancing the postage for Parcel Post shipments. *If your bundle is received by Parcel Post, please note the amount of Postage that we advanced. (Just look at the stamp.) Please refund this amount to us by check or any other way which is most convenient to you.*

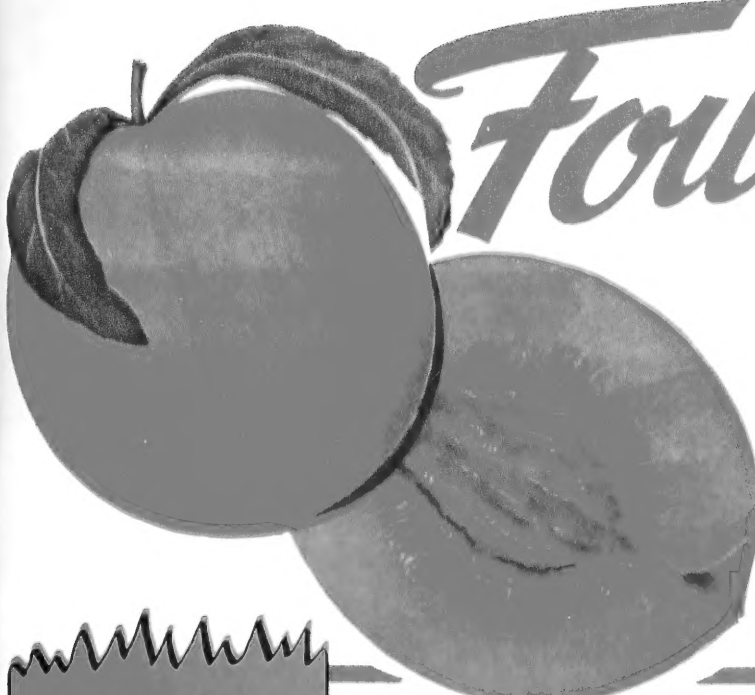

Visit our retail sales yard in Stephenville and save Come to our comfortable indoor, retail salesyard in Stephenville and pick out just the plants you want. All plants that we catalog are available for immediate pick-up. Also available in our salesyard are specimen, large-size, landscape plants at real money-saving prices. Our experienced landscape and orchard men are here to serve you. If you want to landscape your home, bring blueprints or pictures, and we will draw plans for your approval. This service is free and does not obligate you in any way. Let us help you plan your home or commercial orchard. This service is provided for your convenience, and we urge you to call on us.

We are open 7 days a week during the planting season — and — every day is OPEN HOUSE at Wolfe Nursery. Put the whole family in the car and come visit us. We'll serve you hot coffee and home made cookies and show you the finest service — the fairest, friendliest treatment — and the very best nursery stock that is grown.

Satisfied Customers OUR GREATEST ASSET

WOLFE'S NURSERY As Close As Your Mail Box

Four Great PEACHES

NEW ELBERTA

This is a juicy, yellow freestone that ripens about June 20. The first of its class to reach the market, New Elberta has been widely planted as a commercial peach because of its young bearing habits and high quality fruit. It is a good home orchard variety, since it is an extra fine all-around peach. Whether you want to eat it juicy ripe off the tree, can, or freeze it, you'll like New Elberta. Grown and guaranteed by Wolfe, New Elberta is labelled with one PINK stripe.

PRICES:

2 yr. Medium Trees — \$.90 2 yr. Large Trees — \$1.30

GOLDEN JUBILEE

This is the first yellow freestone to ripen, and they are ready to eat, tree fresh, between the 10th and 15th of June. Now, this is a better peach than the regular Golden Jubilee. This improved strain doesn't have the soft tip on it and, of course, it comes off earlier. It has a fine, sweet flavor and bears every year. New Golden Jubilee is a Wolfe Nursery, frost-resistant peach that belongs in every home or commercial orchard. Labeled with two YELLOW stripes.

PRICES:

2 yr. Large Trees — \$1.30
2 yr. Medium Trees — \$.90

HALEHAVEN

A prize-winning freestone that ripens June 25th. Halehaven is a large, beautifully colored, yellow-fleshed peach that is without question one of the finest canners grown. Commercial orchardists know Halehaven as a bountiful producer and a splendid shipper that brings top prices on the market every year. It is perfectly self-fertile, extremely hardy, prolific, and a good pollinator for other peaches. Labelled with two BLUE stripes.

PRICES:

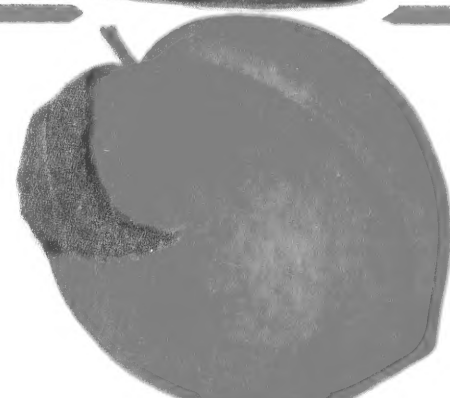

2 yr. Large Trees — \$1.50
2 yr. Medium Trees — \$1.00

FRANK

FARM AND RANCH Magazine says, "The most outstanding peach produced in the Southwest." That just about tells the story, for Frank is outstanding in every respect. It is a large, firm, juicy, yellow cling that ripens August 10th. It's so sweet that most women can them without sugar. Now 47 years without missing a crop at Mexia, Texas. Frank's record year-in, year-out production, proves its value as an outstanding frost-resistant variety that is a "must" in every home or commercial orchard. Guaranteed by Wolfe Nursery and labelled with one WHITE stripe.

PRICES:

2 yr. Large Trees — \$1.50 2 yr. Medium Trees — \$1.00

World's Record PRODUCERS

CULTURE

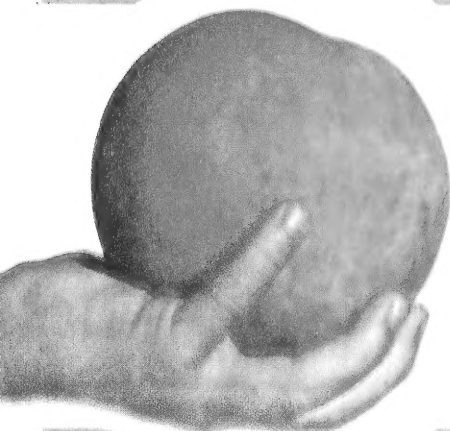

ELBERTA

Would you believe that there are over 100 kinds of Elbertas being sold by nurseries? Very few have the original, pure-strain that gained world-wide fame for its size, color, flavor, and bearing habits. The buds that we use come right off trees in our own bearing orchard. It's the oldtime Elberta that our parents knew and remembered as being one of the most dependable bearing trees of all time. Our true Elberta, a huge, yellow freestone, ripens July 10th. Labelled with one GREEN stripe.

PRICES:

2 yr. Large Trees - \$1.30
2 yr. Medium Trees - \$.90

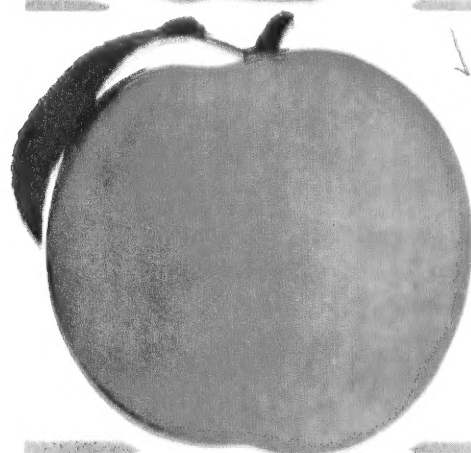

INDIAN

A real handful of the most outstanding, red-fleshed, red-skinned peach that is grown. Mrs. Wolfe says it is the finest pickling peach in the land, and women who live in the Stephenville area come to our orchards every year when the Indians get ripe — they buy them and pickle them, and the whole family has a treat all winter long. Not only are they a treat when they are pickled though — they're fine eatin' when picked ripe right off the tree. Our true-strain, old Indian Cling ripens July 20. Indian is labelled ORANGE.

PRICES:

2 yr. Large Trees - \$1.30
2 yr. Medium Trees - \$.90

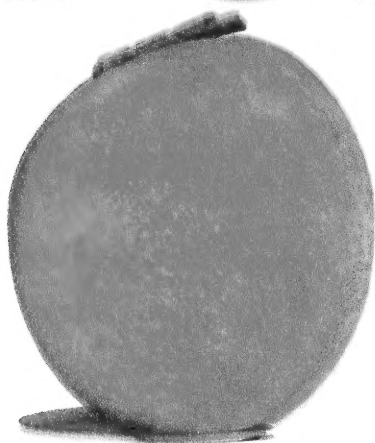

GIANT HALE

A Grand Champion Show Peach that draws more attention and brings higher prices on the market than any variety that we know. Giant Hale is a yellow freestone that ripens July 15th. Its skin is a deep, rich red, and its meat a bright yellow. We've had Giant Hales come out of our bearing orchard that would weigh over a pound and would be as much as a foot in circumference. It's a giant all right, and you will be proud of the results you get when you plant Giant Hale. Labelled YELLOW.

PRICES:

2 yr. Large Trees - \$1.30
2 yr. Medium Trees - \$.90

FRANKIE

A true sister peach to the famous Frank that ripens from August 15th to September. This large, beautiful yellow freestone has all the qualities of Frank with one exception — Frank is a bit sweeter. Frankie is a heavy producer even during years of late frost and dry spells. It has bright color and flavor that sells on sight. Frankie and Frank make an ideal pair for either home or commercial orchards. For the very best late-ripening freestone, be sure to plant Frankie. Labelled with a BLUE stripe.

PRICES:

2 yr. Large Trees - \$1.50
2 yr. Medium Trees - \$1.00

All plants should be unpacked immediately upon receipt from our nursery. Check carefully to see that the varieties and sizes you ordered were shipped, or that proper substitutions were made providing we were authorized to make them. Be sure to keep the original copy of your order blank which serves as a packing slip and was returned with your order. *We will need it in case of adjustment.*

You should make a special effort to do the planting when the nursery stock is received. If conditions are unfavorable for planting, heel the plants in the ground in a well-drained location. Dig a trench that is deep and wide enough to hold the roots. Remove the plants from the package, cut all strings, and place their root system in the trench. To prevent the roots from drying out, work the soil thoroughly in and around the roots. Regardless of whether the soil is wet or dry, pour sufficient water in the trench to pack the soil closer to the roots. This will drive out air pockets, keep the roots moist, and in a good living condition.

TEXABERTA

The Nation's Perfect Peach

A perfect freestone that ripens about July 10. This outstanding peach has not missed a crop at Belton, Texas, since it was originated 24 years ago. Combine the best qualities of all peaches, add a few, and you have Texaberta. It has bright red, juicy flesh around the seed, forming into deep, tender yellow toward the bright red-covered skin. Delicious? — well, you just don't know what good eating is until you have had the juice of a Texaberta running down your chin after a good bite. Texaberta produces in mild climates where Elberta is a failure — and — it is extra FROST-RESISTANT. Texaberta is sold only by Wolfe Nursery and is labelled with a RED stripe.

PRICES:

2 yr. Large Trees - \$1.75 2 yr. Medium Trees - \$1.25
2 yr. Small Trees - \$.90

MELBA

By far our greatest find in an all-purpose, large, delicious, honey-hybrid peach. It is adapted from coast to coast and is the leader of all frost-resistant varieties. Our show orchard here at the nursery took 10 degrees below freezing while in full bloom and still produced a bumper crop. Melba starts ripening early in June and lasts most of July. No other peach ripens over such a long period. Never has a fruit variety received such unanimous acclaim as Melba. Not one person has failed to say, "That's the best peach I ever tasted." Melba, the Honey-Hybrid, Queen of all eating peaches, is labelled with two RED stripes.

PRICES:

2 yr. Large Trees - \$2.00 2 yr. Medium Trees - \$1.50

ROBIN

First In The Spring

This is the most valuable and extraordinary of all the new peach varieties because it is the first good peach of the season, ripening weeks before any other good early peach. That fact alone puts Robin in a class by itself. It is a beautiful red-cheeked, white-fleshed, medium-size fruit, semi-freestone, so richly colored and handsome that it will make your mouth water just to look at it. Deliciously flavored, the fruit is firm and smooth, almost fuzzless, round in shape. It keeps well after picking. In addition to ripening the first good Peaches of the season, Robin Trees bear enormous crops. They grow rapidly and bear fruit amazingly soon — sometimes the first year after planting. If you and your family want to enjoy the first good Peaches of the season, then you will have to include Robin in your home garden planting. Labelled WHITE over WHITE. PLANT PATENTED NUMBER 529

PRICE: \$2.00 - each

PLANTING DISTANCES

Give Plants Enough Room

Planting distances between trees depend primarily upon the type of tree, its purpose, the amount of rainfall, and the fertility of the soil. For example, trees planted in East Texas and the South-eastern States may be planted closer together than those of West Texas and New Mexico, because of the greater rainfall in the Eastern section.

To make allowance for these factors, the following distances are recommended:

Apples, Pears, and Apricots	30 to 40 ft. apart
Cherries, Plums, and Cherry-Plums	20 to 25 ft. apart
Figs	15 to 25 ft. apart
Grapes	10 to 16 ft. apart
Peaches and Persimmons	20 to 30 ft. apart
Pecans and Walnuts	40 to 60 ft. apart

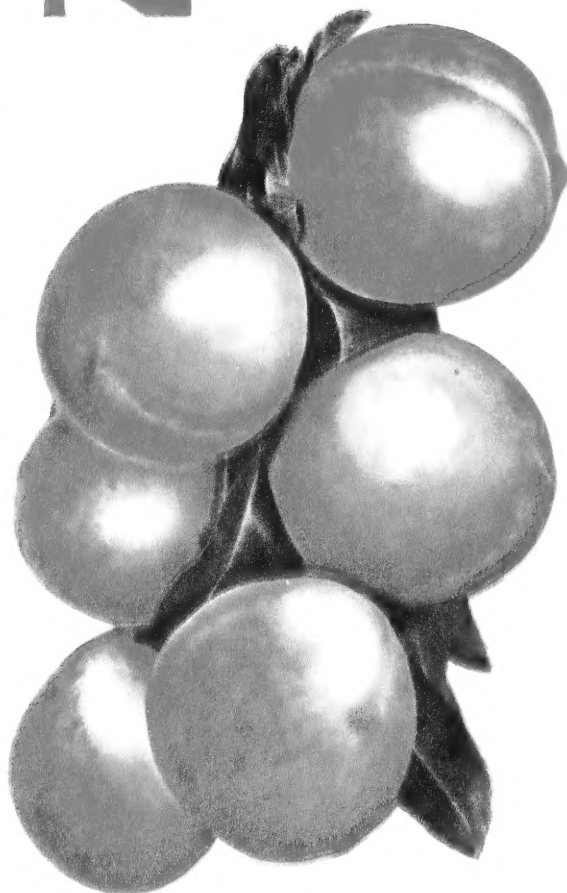

Shade Trees — large growers: Chinese Elm
and Sycamore 30 to 50 ft. apart

Medium to small growers: Mimosa, Red-bud,
and Weeping Willow 20 to 40 ft. apart

These trees may be spaced closer together when planted in a single row or in yards.

Dew-Black berries Plant 3 ft. apart in rows 6 ft. apart

Rosberries and Thornless Boysenberries Plant 4 ft. apart in rows 6 ft. apart

APRICOTS

**SELECTED HEAVY BEARING VARIETIES
FOR YOUR HOME ORCHARD**

SUPERB

*Most Outstanding of All Apricots
Adapted to the Southland*

In Superb we have found a large, richly colored, fine flavored apricot that can be counted on to produce good crops every year in the South as well as in the North. It's thoroughly adapted to our climate and soils and its yearly production of big, orange-yellow fruit is just what literally thousands of home owners have asked for for years. Our search for an apricot that would produce for you every year is ended. We proudly present Superb, guaranteed by Wolfe Nursery. Labelled with a GREEN stripe over RED.

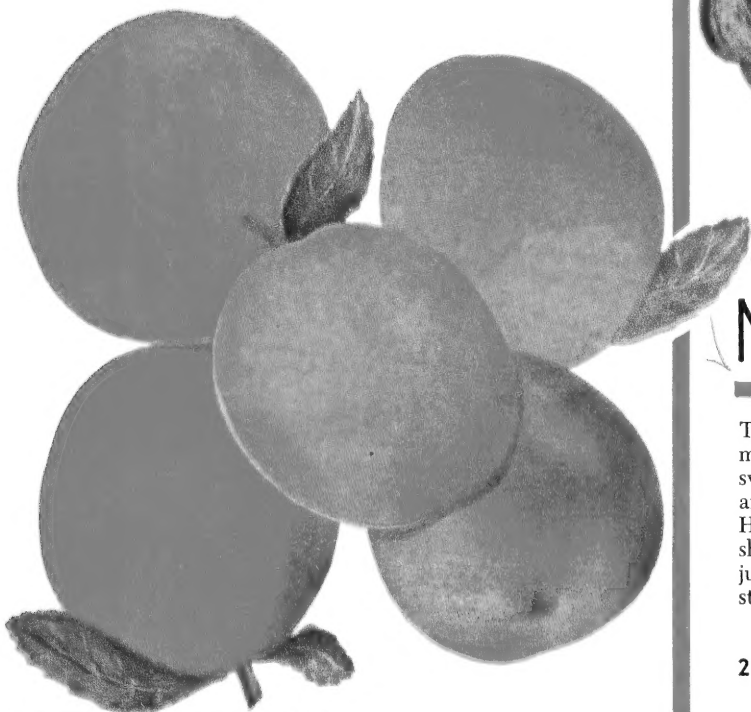

PRICES:

2 yr. Large Trees - \$1.70 2 yr. Medium Trees - \$1.25

WE GROW OUR OWN TREES.

IT PAYS TO BUY DIRECT

FROM THE GROWER

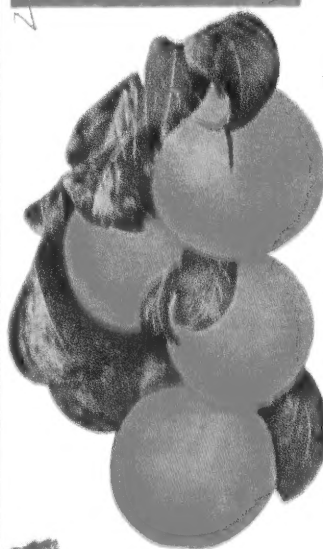

MOOR PARK

SUPERB

GOLDEN CLUSTER

Golden Cluster

A medium to small prolific Apricot with a smooth light orange-yellow skin. The delicious yellow flesh is firm but juicy. Not dry like some common varieties of Apricots. Apricots should be cultivated very shallow as the feeder roots are close to the surface. Golden Cluster is labelled with a GREEN stripe over a WHITE stripe.

PRICES:

2 yr. Large Trees - \$1.50
2 yr. Medium Trees - \$1.00

MOOR PARK

The most popular commercial apricot grown and adapted to most all sections. It is rather a large Apricot with tender, sweet orange flesh. It separates easily from the small seed and is a grand variety for eating fresh, canning, or drying. Hangs on the tree remarkably well. Every home orchard should include apricots, for the tree-ripe fruit has a flavor that just can't be matched. Moorpark is labelled with a GREEN stripe over a BLUE.

PRICES:

2 yr. Large Trees - \$1.50 2 yr. Medium Trees - \$1.00

SWEET · JUICY · FULL FLAVORED

DOUGLAS

Pears

DOUGLAS PEAR

The Sugar Pear That Bears Very Young

We've never had any pear variety that offers more production or bears earlier than Douglas. I'll never forget summer before last when we had a Douglas Pear block near a road that goes over the nursery. People that visited us and drove over the place never ceased to be amazed at this whole block of trees just loaded down with fully mature pears. Why, the trees weren't but about 4½ or five feet tall and many of those little trees had as many as ten or twelve pears on them! You'll like the bearing qualities, and the color, and taste of Douglas Pears just as all of those visitors did. It's *Blight-Resistant* and bears consistently each year, ripening about August 15. Labelled with a PINK stripe over a YELLOW stripe.

PRICES:

2 yr. Large Trees — \$1.60 2 yr. Medium Trees — \$1.25

GARBER

For eating juicy ripe off of your tree or for preserving for year-round pleasure, Garber is ideal. It is beautifully colored and well shaped, and the tree is vigorous as well as highly disease-resistant. Labelled PINK over BLUE.

PRICES:

2 yr. Large Trees — \$1.60 2 yr. Medium Trees — \$1.25

KIEFFER

A variety adapted to all sections — including sections where Bartlett is a failure. It is a sure bet for heavy, consistent crops of large, white-fleshed pears. It is a golden yellow pear that is an extra good cooker and ideal for winter storage. It will keep for a longer time and gets very sweet and mellow after about a month. Kieffer is labelled PINK over RED.

PRICES:

2 yr. Large Trees — \$1.60 2 yr. Medium Trees — \$1.25

ORIENT

A brand new *BLIGHT-RESISTANT* variety that has been acclaimed outstanding everywhere that it has been tested. Without reservation, we, here at Wolfe Nursery, recommend Orient as perhaps the finest home orchard and commercial pear that has ever been sold. Sturdy, healthy trees, heavy production, high quality, and adaptability to all sections, place Orient on the top of the list of America's Pears. Its skin is lemon-yellow and the flesh is creamy white with a smooth, delicious texture. The shape of the tree makes it ideal as a yard tree. Labeled PINK over WHITE.

PRICES:

2 yr. Large Trees — \$2.00
2 yr. Medium Trees — \$1.50

Wolfe PLUMS ALLRED

Plum Tree

SPECIAL

Allred is widely used as a landscape tree and many, many good customers have asked us to offer an Allred Landscape Special so they could buy 3 trees at a bargain price. Here's 3 Allreds in 2 yr. small trees. A regular \$3.30 value for only \$2.95. All three only

\$2.95

Beautiful To See - Delicious To Eat

We know of no other fruit tree that offers such beautiful blossoms during the spring - such outstanding, colorful red foliage all during the growing season - and such delicious eating. Allred is a dual purpose tree - not only does it produce one of the nation's outstanding quality plums, it is absolutely unsurpassed as a beautiful and colorful landscape tree. The fruit looks like a dark cherry, only larger, and its flesh is a juicy, deep red. It is ideal for either eating fresh off the tree, or for making a tasty, bright red jelly. The leaves are RED - the stems and branches are RED. The fruit is RED inside and out, and the tiny seed is RED. Allred is truly ALL RED. Labelled with a BLUE stripe over a WHITE stripe.

PRICES:

2 yr. Large Trees - \$2.20 2 yr. Medium Trees - \$1.60
2 yr. Small Trees - \$1.10

Number of Plants Per Acre

Distance Apart (No. Ft.)	Square Method (No. Trees)	Triangular Method (No. Trees)
10x10	435	500
15x15	194	223
20x20	108	124
25x25	69	79
30x30	48	55
35x35	35	40
40x40	27	31
60x60	12	13

PLEASE DO NOT ASK US TO SHIP BEFORE STOCK IS DORMANT. Every year some of our good customers ask us to ship in September, October, and November. Yes! we'd like very much to ship that early but the stock IS NOT RIPE - IT IS NOT DORMANT - IT WON'T LIVE or do its best. We must wait for frost to cure the plants. We can't take your money and then ship stock that we know has been dug green. Our shipping season (depending upon the weather) usually starts around DECEMBER 15th - so, PLEASE, please don't rush the planting date. You'll be ahead in the long run, and we'll have one more satisfied customer.

MONEY *Does* GROW ON TREES

BURBANK PLUM

One of the finest eating Plums that ripens about June 25th. It is a large, purplish-red Plum with deep yellow, delicious flesh. A very prolific variety that was created by, and named for, a great man. Burbank is an excellent commercial Plum, and sells in the fancy fruit class. It is labelled with a BLUE stripe over a GREEN stripe.

PRICES:

2 yr. Large Trees - \$1.40
2 yr. Medium Trees - \$.95

Sapa PLUM CHERRY

This is Mrs. Wolfe's jelly plum and she personally asks us to pass on the following words to you: "We've been growing plums here at our nursery for over 30 years, and I'm sure that over that period of time we have tested over 100 plum varieties. Never, during that period, have I ever seen any plums that made a more beautiful or tasty jelly than the Sapa Plum-Cherry. It has been our family favorite for over 20 years." The Sapa is a bountiful producer of rich, dark purplish-red plums that are just as sweet as sugar. It ripens in the latter part of June. Labelled BLUE over PINK.

PRICES:

2 yr. Large Trees - \$1.50 2 yr. Medium Trees - \$1.00

BRUCE PLUM

The best large red Plum grown in the South. The tree is very healthy, bears very young and produces loads of Plums nearly as large as a hen egg. It ripens early in June, and growers report getting \$8.00 per bushel on the New York market. Other varieties of Plums must be planted with Bruce for pollination. It is the only variety on our list that is not self-fertile. In commercial plantings, we recommend planting one pollinator to twenty Bruce. Bruce is labelled BLUE over RED.

PRICES:

2 yr. Large Trees - \$1.40 2 yr. Medium Trees - \$.95

a new NECTARINE

PIONEER

The Nectarine is such a delicious fruit it has always been a source of disappointment that there has been no Nectarine variety which was dependable in this area. Only now have we succeeded in getting a Nectarine that has stood the test. These big, bright red and yellow fruits are unbelievably good, and so good looking that you will keep a bowl of them on the table just for ornament. (We guarantee they won't stay in the bowl long, they taste too good.) You'll not have to hope for a crop - you'll get it every year without fail. Add to all this the fact that the big spring blooms have such a lovely clear pink color that it is almost as ornamental as the finest flowering Peach - after all this, does it sound as if you could afford to be without it? Ripens in July. Plant Pat. No. 787.

PRICE: \$2.50 each

Howard's Miracle

(PATENTED)

THE MOST SENSATIONAL FRUIT OF A DECADE

THE INTRODUCTION of the "Miracle Plum" marks an epoch in the advance of fine fruits for the table. The tantalizing and delicious flavor, the great size, firm amber flesh, combined with a delightful color, place the "Miracle Plum" in a class by itself. Invariably, after tasting the "Miracle Plum," comes the exclamation: "This fruit is truly a miracle. It is something out of this world." Here are some facts about the "Miracle Plum": Extraordinarily large size fruit, average diameter 2½ to 2¾ inches. An astounding surprise to the palate, flavor not unlike Nectarine, Peach, and Plum mixed; skin thin and unnoticeable when eating fruit, miniature stone, meat Nectarine-like in quality. Keeping qualities excellent, delicious in preserves, fruit ripens over long period during July and August. Exceedingly fast growing and quick bearing tree, which will bear fruit second year after planting. Beautiful ornamental tree of medium size, foliage persistent, in autumn richly tinted not unlike the leaves of a Maple. Can be grown in a small garden. 1 Yr. Trees, Labelled BLUE over ORANGE.

PRICE: \$2.00 each

You've Never Tasted Plums Like These

The great size, the new delicious flavor. (Is it Nectarine? Is it Peach? Is it a Plum?) The firm amber flesh make it the most exciting fruit grown today. Plant one or more of these exceedingly fast-growing, quick-bearing trees and harvest fruit the second year. Bears through July and August.

HOLLAND

Wolfe HOME ORCHARD
& COMMERCIAL
APPLES

THE
Holland
Apple

DOUBLE RED
DELICIOUS

Mother Nature must have decided to combine all the best qualities of apples into one when Holland was originated. When I first saw this grand apple at Weatherford, Texas, I knew it was the Apple that Texas and the great Southwest needed. For many years, Holland has proven to be a consistent, heavy producer of huge, dark, strawberry-red, smooth, firm, juicy-fleshed Apples. Its delightful flavor more than pleases the most exacting taste.

Being a native Texan, Holland is especially adapted to our climate and soils, but has proved outstanding wherever Apples are grown. Holland is the perfect apple for home planting. Of course, its most outstanding point is that it will consistently produce apples for us here in the South. Then, it's self-fertile. You do not have to plant another apple with it to get it to produce. You get heavy production with just one tree. It ripens early — July 20. It will fruit for you the 2nd year following planting. Labelled ORANGE over RED.

PRICES:

2 yr. Large Trees - \$2.00

2 yr. Medium Trees - \$1.50

2 yr. Small Trees - \$1.00

GOLDEN
DELICIOUS

HOLLAND PRODUCES YOUNG

Our Holland Apple orchard was planted in February and bore its first fruit 5 months later in July. Holland is the youngest bearing, heaviest producing apple we have ever grown.

Apple

All four Holland Apples for

Only

KING DAVID

Wolfe's Apples

THAT PRODUCE HEAVY CROPS IN THE SOUTH

DOUBLE RED DELICIOUS

The old King of red eating Apples that is grown from coast to coast with equal success. By thinning the fruit properly, Double Red will develop into a huge size. Our pure-strain Double Red bears loads of big, sweet, firm apples, that are a treat to enjoy. Trees you receive from Wolfe Nursery are budded from our own bearing orchards. Store-bought apples are picked before they are ripe and don't compare with those picked from your own trees. Double Red Delicious is NOT self-fertile and MUST be planted with either Holland, Golden Delicious, or King David. Double Red is labelled ORANGE over BLUE.

PRICES:

2 yr. Large Trees - \$1.45; 2 yr. Medium Trees - \$1.00

GOLDEN DELICIOUS

By far the outstanding Apple in its class. Self-fertile and an excellent pollinator in the home or commercial orchard. Golden Delicious is a mild, juicy, sweet, crisp, white-fleshed apple with new-gold skin that has a distinctive flavor all its own. It is a richly fragrant and appetizing apple that belongs in every home planting. Like Holland, Golden Delicious is adapted to a wide territory and bears very young. Golden Delicious is labelled with an ORANGE stripe over a WHITE stripe.

PRICES:

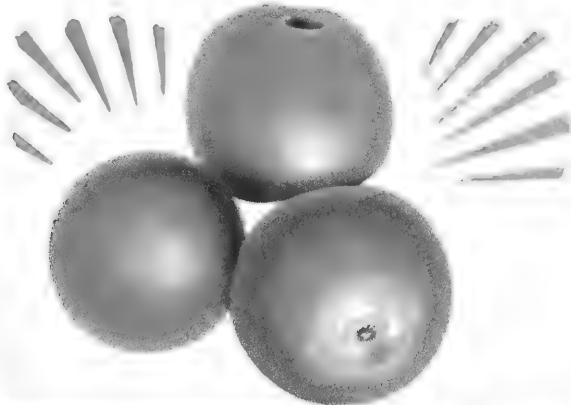

2 yr. Large Trees - \$1.35; 2 yr. Medium Trees - \$.90

KING DAVID

An August Apple that will yield from \$200.00 to \$300.00 per acre. One orchard at Baird, Texas, has produced as much as \$500.00 worth of King David Apples per acre. It also proves that "Money DOES grow on trees." KING DAVID is a medium size, firm, bright red apple with a tart acid flavor, somewhat similar to the old Winesap - juicy. Very prolific producer and healthy grower. Perfect for apple pies, cobbler, apple jelly, jams, and apple butter. Tall all-purpose apple that is one of the best pollinators. Labelled ORANGE over YELLOW.

PRICES:

2 yr. Large Trees - \$1.35; 2 yr. Medium Trees - \$.90

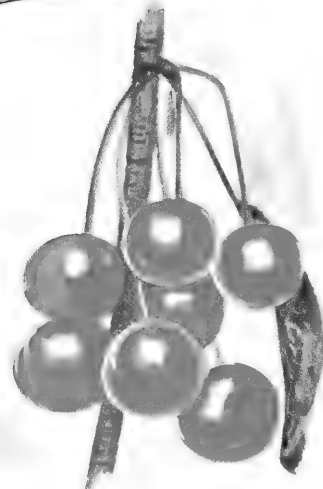

Transcendent

"Most valuable of all red Crabs," because of very heavy production, attractive crimson red color, good size, and unexcelled quality of its jelly, preserves, jams, and pickles. Tree is dwarfish. Pink blooms and ruby-red fruits make it a fine lawn ornamental. Bore 1/2 bushel at 2 years. Labelled ORANGE over GREEN.

PRICE: \$1.50 each

Sweet & Tart CHERRIES

Beautiful Yard Trees That Produce Eating Pleasure For The Whole Family

MONTMORENCY

The best known and the most widely planted of America's tart Cherries. The fruit is large size, its color bright red, and its flesh firm. It's the principal canning cherry because of its dependable production and the hardiness and disease resistance of the tree. Plant only in altitudes of 600 feet and up. Labelled WHITE over GREEN.

PRICES:

1 yr. Large Trees-\$1.50; 1 yr. Medium Trees-\$1.00

BLACK TARTARIAN

A large, sweet, black cherry, known best as an ideal fresh eating fruit. The Cherry is rich and flavorful - the tree a vigorous, upright grower that is a colorful, welcome addition to any landscape plan. It takes such a little bit of space to grow cherries that no home orchard should be without one or two. The unusual, appetizing flavor of juicy home-grown fruit pays you back a hundredfold for the small amount of effort it takes to grow and care for the trees. Black Tartarian is labelled WHITE over RED.

PRICES:

2 yr. Large Trees-\$2.00; 2 yr. Medium Trees-\$1.50

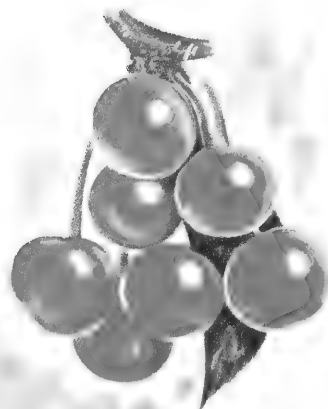

EARLY RICHMOND

The leading early sour cherry of the nation. The fruit is bright red, juicy and excellent for pies and cherry jam. Ripens about June 15th. The tree is a strong, healthy grower, and produces very young. Plant only in altitudes of 600 feet and up or in sections having cold winters. Labelled WHITE over YELLOW.

PRICES:

1 yr. Large Trees-\$1.50; 1 yr. Medium Trees-\$1.00

Please Note

We do not recommend the planting of cherries south of Waco, Texas, and only for Home Orchards south of Wichita Falls, Texas.

THE WOLFE NURSERY

BUILT ON

Customer Confidence

WOLFE NURSERY
MONEY DOES GROW ON TREES

ROSS R. WOLFE

E. E. RISIEN

E. E. Risien received the Gold Medal for his outstanding contribution to horticulture. This grand old man gave many new and valuable varieties to the Pecan world, such as Garner and Western Schley. By Mr. Risien's request, Wolfe Nursery is continuing his breeding work for bigger and better Pecans.

J. W. STUBENRAUCH

Famous breeder of Frost-Resistant Peach varieties. Frank and Frankie are two of several outstanding creations that have set production records. By his request, Wolfe Nursery is continuing his breeding work in Peaches.

T. V. MUNSON

World famous for creation of over 100 new Grape varieties. Carman is the leader. Received many medals from France and other countries. We purchased the famous Munson vineyards to preserve his many varieties and continue his work.

*W*ho built Wolfe Nursery? The answer is, our customers. Customers, who had faith and confidence in our word when we first started — customers who have year after year ordered, knowing by experience, that when they buy from Wolfe Nursery, they buy without risk and with assurance of quality and yield. Those that wanted the best, because they knew that real profit is always in the best. Some wealthy, but most of them people who have had to spend carefully. Those customers are the people whose faith and support has built Wolfe Nursery. We are forever grateful to them. A guarantee that positively assures your receiving your money's worth is the latest extra step in customers service by Wolfe Nursery. We guarantee every plant to live — if it should not, it will be replaced free of charge. Most nurseries do not make any guarantee at all, other than to guarantee that the plants will be in good condition when received by you. Some offer to replace losses at ½ price. Wolfe Nursery's guarantee is complete — and it is a guarantee that protects you. All we ask is that you conscientiously take care of your stock and follow our planting instructions. We grow our own stock — we know the quality of the stock we sell, and we are not hesitant to back it up with a full guarantee. Better nursery stock at reasonable prices, personal attention to your needs, prompt friendly service, plus a complete guarantee that protects you. That is our bid for your business.

Money DOES

Grow on Trees

Ross R. Wolfe founded Wolfe Nursery in 1920 and devoted his life to the selection and breeding of better fruit and nut varieties. Pioneer in soil building and diversified farming, paying orchard practices and civic improvements. Served as President of Texas Nurserymen, Pecan Growers, Fruit Growers, Chamber of Commerce, Lions Club, and Director of American Association of Nurserymen. His high standards and business ethics are known by the thousands who have continued to be loyal customers. I, Hugh Wolfe, and every member of Wolfe Nursery, pledge strict adherence to the policies and standards of Ross Wolfe.

A YEAR IS GAINED

*And You Will Pick Fruit One Year Sooner
When You Plant Machine-Dug Trees*

When you plant a tree that has its fibrous feeder roots cut off, you can bet your bottom dollar that that tree is not going to grow a single inch until it has had time to grow the feeder roots back again. In our opinion, more trees are lost due to the lack of sufficient root system, than any other single reason. You do not wait a single day for Wolfe Nursery trees to develop a root system. When we dig trees with our machine digger, *all of the fine fibrous feeder roots remain intact.* There's no waiting — no delay — and you've gained a year, for your trees start immediate growth. Your trees will live — and — your trees will bear sooner, thanks to Wolfe Nursery's machine digging system that leaves feeder roots intact. Buy only the Best — Buy Wolfe Nursery's guaranteed trees.

MONEY
Does
GROW ON
TREES

World's Largest **TREE DIGGER**

Pictured at lower left is the world's largest tree digger. This digger is powered with a 126 horsepower crawler tractor that goes down after the **WHOLE ROOT SYSTEM**. Sixteen men take part in the digging operation to pull the trees, grade, and rush them to the packing department in the shortest possible time. Wolfe Nursery's trees hardly know they have been moved. Every tree you get from Wolfe Nursery lives and gets a head start if planted properly and cared for. Our trees need not be pruned since they have sufficient root system.

WOLFE-GROWN TREES

Live!

To make your investment worthwhile, the trees you plant must live, make rapid growth and start early, heavy production. Isn't it just good common sense to expect pecan trees like those pictured (right) to be far superior to hand-dug trees that have all the feeder roots bobbed off? Machine-dug trees give you more for your money. They live and bear for you years sooner than ordinary trees would.

PAPERSHELL

Pecans

Permanent

Unsurpassed Shade Trees

Producing Profit Every Year

Plant your pennies and watch your dollars grow. Garner starts growing dollars in a hurry. We have fruited this great Pecan alongside of many others during a period of 16 years and it has made more money per tree than any other. We have never been able to supply the demand. Garner will bear at least one-third more per tree than other Pecans and produce nuts the first or second year after you plant them. **WHY?** Because Garner just naturally bears young. Add this desirable trait to Wolfe's "Machine-dug" root system that reduces "TRANSPLANT SHOCK" — the use of FRUIT BUDS in propagation, and you have the answer to why people prefer Wolfe's Garner Pecan Trees. Garner is FROST-RESISTANT — bears every year and is one of the first to mature in the fall. It is a TRUE paper-shell — so thin it can be cracked with the fingers. The creamy, delicious kernels are extremely rich in oils, proteins, carbohydrates, vitamins, and distinctive flavor. Plant in uplands of sections only at altitudes of 600 feet and UP. Garner is one of the most outstanding Western varieties ever discovered. Should be planted with Mahan for best results. Order your trees early. Get the benefit of early rains. Garner is labelled RED.

PRICES:

2 to 3 ft. trees - \$2.95

3 to 5 ft. trees - \$4.75

5 to 7 ft. trees - \$6.90

7 to 9 ft. trees \$9.50

9 to 11 ft. Jumbo Trees - \$14.25

Garner will outbear all other Pecans.

Note this beautiful Pecan; what a thin shell, how perfect the big kernels, and the ideal shape. John Garner is about one-third larger than pictured above. **SOLD ONLY BY WOLFE.**

Giant MAHAN

The World's Largest Pecan

Can you imagine Pecans so large that the clusters of nuts look like bananas on the trees? That's Giant-Mahan — THE WORLD'S LARGEST PECAN. The nuts look somewhat like Schley but they are more than twice as large. Giant-Mahan is also a true brittle paper-shell and brings more money per pound than any other Pecan. This variety has become increasingly popular due to the healthy, vigorous-growing tree which makes a beautiful shade specimen. It grows upright and puts on dense, dark green foliage. The leaves are extremely large. Added to this feature, it is adapted to all sections and is resistant to common diseases. Giant-Mahan is a heavy producer and our Machine-Dug root system enables it to start bearing soon after you plant it. Giant-Mahan and Garner make an ideal pair for home or commercial planting. Mahan is labelled with one WHITE stripe.

PRICES:

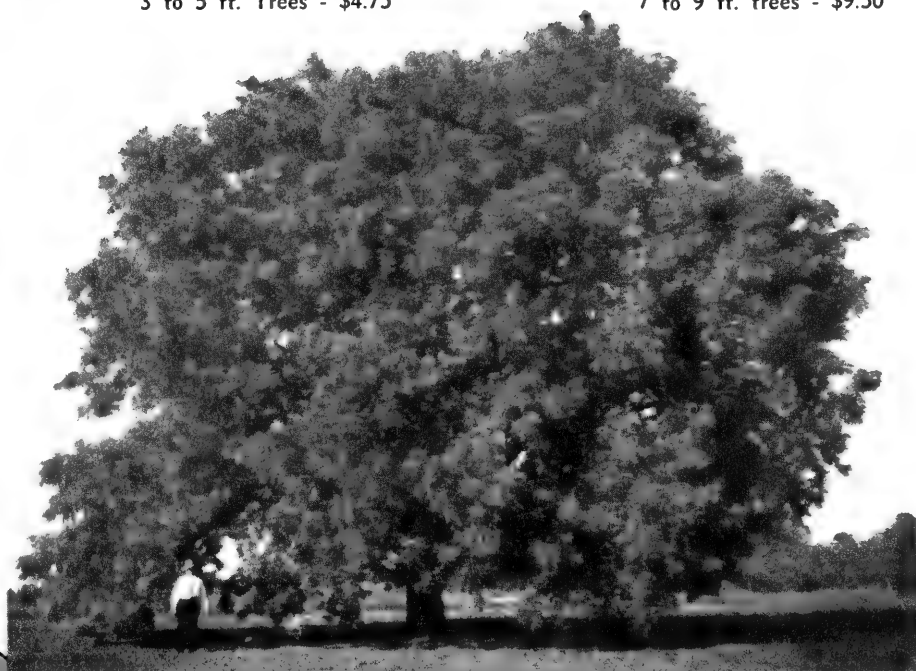

2 to 3 ft. Trees - \$2.95

3 to 5 ft. Trees - \$4.75

5 to 7 ft. Trees - \$6.90

7 to 9 ft. trees - \$9.50

*A paper-shell
pecan tree
growing in your
yard, adds more
value to your
property than
any other tree
you can plant*

NOW OUR PAPER SHELL PECAN SPECIAL IS OFFERED IN 3 SIZES. Several years ago, many of our customers asked us for a pecan special offer. We came out the next year with our original pecan special. It was 3 trees, 1 to 3 ft. size, for \$5.00. That special meant a saving of \$2.20 to our customers and thousands of good people bought them. Many, many customers who wanted larger trees at a bargain price have written us — so, for the first time, we offer our Gold Medal Collection in three sizes. We are selecting three of our best varieties: Burkett, Stuart, Giant-Mahan, Garner, Success, or Western Schley — those best adapted to your location. Before you know it, these select Wolfe-grown trees will be producing loads of big, delicious paper-shell pecans.

PRICES:

Trees, 1 to 3 ft. size

You Save \$2.20

Trees, 3 to 5 ft. size

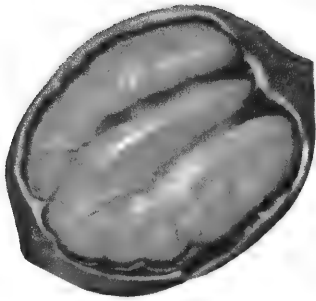

You Save \$2.35

Trees, 5 to 7 ft. size

You Save \$3.25

It Turns Pennies to Dollars

Burkett

BURKETT

The leader and will continue to be in Western varieties. It is a regular and heavy producer of large, round, fat Pecans that bring top market prices. As long as we have been in business, the market demand for Burkett and Garner has never been supplied. Its flavor cannot be equalled. Plant Western Schley and Garner with Burkett for perfect pollination. Plant only in altitudes of 600 feet and up and on well-drained land. Burkett is labelled with one BLUE stripe.

PRICES:

2 to 3 ft. Trees - \$2.40	5 to 7 ft. Trees - \$6.40
3 to 5 ft. Trees - \$4.10	7 to 9 ft. Trees - \$8.50

WESTERN SCHLEY

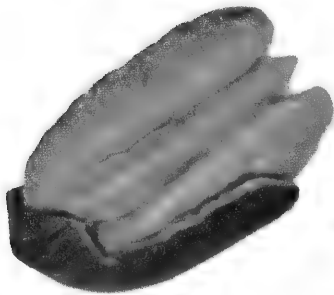

WESTERN SCHLEY

The perfect cracker in the larger Pecan class. It never fails to prove that "Money DOES Grow on Trees." The tree is remarkably healthy, a strong grower, early and heavy producer. Western Schley is a genuine Risien Gold Medal Pecan, and, remember — they bear young, even in the nursery row. Resistant to scab and rosette. Labelled with a GREEN stripe.

PRICES:

2 to 3 ft. Trees - \$2.40	5 to 7 ft. Trees - \$6.40
3 to 5 ft. Trees - \$4.10	7 to 9 ft. Trees - \$8.50
9 to 11 ft. Jumbo Trees - \$12.75	

STUART

STUART

Stuart comes nearer to being well adapted to all sections of the country and all soils than any other variety. It is an excellent producer and a hardy, fast growing, healthy tree. The meat has a real Pecan flavor and the shell is medium thick — somewhat brittle. The average Stuart will run 48 to 50 per cent kernel. As you can see by the actual color picture at the left, the Pecan is large and always well-filled. The trees bear regularly and are highly resistant to scab. Stuart is labelled YELLOW.

PRICES:

2 to 3 ft. Trees - \$2.40	3 to 5 ft. Trees - \$4.10
5 to 7 ft. Trees - \$6.40	

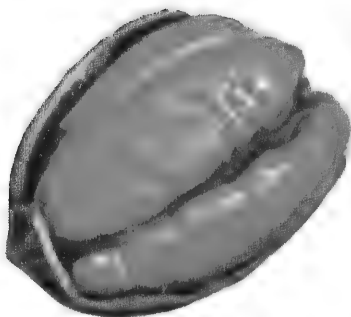

SUCCESS

This most popular Eastern variety is in demand because of its excellent flavor, large, plump, smooth, creamy kernels that release perfectly from the thin soft shell. Forty of the big nuts usually make a pound and it tests high in meat content. The tree is a beautiful, vigorous grower and highly resistant to scab. It heads low and makes an ideal variety for yard planting. Success ripens a few days later than Stuart. Both are very polliniferous. DON'T FORGET Wolfe's MACHINE-DUG ROOT SYSTEM makes the difference. Success is labelled with one PINK stripe.

PRICES:

2 to 3 ft. Trees - \$2.40	3 to 5 ft. Trees - \$4.10
5 to 7 ft. trees - \$6.40	

SUCCESS

MONEY Does GROW ON TREES

CULTURE

OF NUT TREES

Pecan and Walnuts: It is much better to have the holes dug before the trees arrive from the nursery. Regardless of whether the holes have been prepared or have to be dug, keep the root system covered with moist material until the trees are planted. Wolfe's Pecan Trees, machine-dug and whole rooted, will require a hole at least 40 inches deep and 30 to 36 inches in diameter. WOLFE has gone to a great expense to secure a Pecan root system that will LIVE. The tap root has been cut approximately 38 inches below the ground and all of the lateral roots above the cut have been preserved. Dig the holes large enough to receive the roots without bending and deep enough to set the trees 2 inches deeper than they stood in the nursery row. This depth can be determined by closely examining the bark. The bark that was below the ground will look dark; that which was above the ground will be a grayish color. The off-set on the trunk and the paint mark used for labelling should not be mistaken for the ground level. When you plant your Pecan or Walnut trees fill the space around the roots with only fertile top soil. **DO NOT PUT FRESH MANURE OR COMMERCIAL FERTILIZER IN THE HOLE.** Pack the soil around the roots to eliminate air spaces. Four water in the hole as long as the ground will absorb it completely. When the soil is filled with water, do not water any more until the trees need moisture during the dry months. When trees are watered continuously, the soil becomes mushy and oxygen is driven from around the roots. Such condition results in the trees failing to produce foliage in the spring, even though the bark remains green. If the roots cannot get oxygen, the trees will eventually die. After the trees have been set in a permanent location, wrap the trunk loosely with burlap or heavy paper. The height of the wrapping material will depend on the size of the tree, but it should extend to and not above the first branch. The wrapping material will prevent borers from getting into the trunk and will also protect the trunk against sun scald. When the trees have developed enough top to shade the trunks during the hottest part of the day, the material may be removed.

Thomas

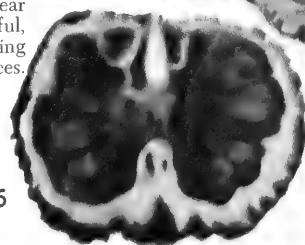

BLACK WALNUT

*A flavorful thin-shelled
Walnut adapted to all sections
of the United States*

This Jumbo, thin-shell Black Walnut will grow and bear anywhere. Pick bushels of these big, delicious Walnuts from your own trees and store them for those cold winter days for eating fresh or making tasty candies. Thomas Black starts bearing the first year in our nursery rows. It is a fast grower and will make a beautiful, valuable shade for your home. Some trees are now producing from 20 to 30 bushels of giant Walnuts that sell for fancy prices. Labelled with two RED stripes.

PRICES:

7 to 9 ft. Jumbo Trees — \$6.95

PERSIMMONS

TANI-NASHI

The most beautiful tree and fruit grown. Picture a tree with large, green, waxy leaves like a Magnolia just covered with large, orange-red Persimmons that make a dish fit for a king. The leaves turn all shades of beautiful colors during autumn and after they fall you really have a show of big fruit. We have never been able to grow enough trees to supply the demand. Persimmons will grow from the Gulf Coast and as far north as cotton.

TANI-NASHI

A long, bright orange Jap Persimmon that is seedless. Finest quality to be had. We have picked Tane-Nashi when snow covered the ground. What a beautiful sight! Persimmons with a white snow background! It is frost-resistant and widely adapted. Deliciously flavored. Plant trees 20 feet apart. Tane-Nashi is labelled YELLOW over RED.

PRICES:

2 yr. Large Trees — \$2.80 2 yr. Medium Trees — \$1.80

EUREKA

A very hardy variety with a most delicious flavor. Sometimes seedless. Big red fruit literally cover the tree and hang until soft ripe. Our system of using fruit-buds causes Wolfe-grown trees to produce young and heavily. When served with a few drops of lemon juice, sugar, and thick cream, Eureka is a dish fit for a king. Eureka is labelled YELLOW over WHITE.

PRICES:

2 yr. Large Trees — \$2.80 2 yr. Medium Trees — \$1.80

Better Grapes

*Selected Varieties for
Juices, Jams, Jellies, or Eating Fresh*

THOMPSON SEEDLESS

A sweet, delicious, seedless grape known the nation over as one of the finest of all table grapes. Thompson Seedless is sold in stores at high prices. You can take the money that it costs you to buy a few bunches at the store and buy your own vines that will produce all the sweet, delicious, home-grown grapes you can use. Plant some of our select grapes — say, at least one of each variety in your back yard on your fence, or even in landscaping planting. They will be a source of pleasure to you and your family for years to come. Labelled **YELLOW**.

PRICES:

2 yr. Large Vines — \$.80

CONCORD

This large, juicy, sweet, tender-fleshed Grape ripens in August when everyone is hungry for a handful of good eating. The clear skinned, purplish black Concord bears heavy crops the second or third year after planting and the strong, healthy vines produce for many years. Concord is labelled **BLUE**.

PRICES:

2 yr. Large Vines — \$.65

NIAGARA

The Grape with a distinctive flavor is worthy of a place in your planting. This hardy, prolific Grape is another of our selections from a long list of good varieties. It is a vigorous grower that produces an abundance of light green to white, compact bunches. Don't leave Niagara out of your planting if you want a Grape with a delicious tang. Niagara is labelled **WHITE**.

PRICES:

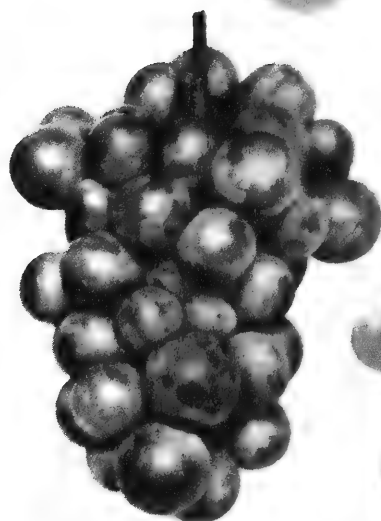

2 yr. Large Vines — \$.65

DELAWARE

There has probably been a greater acreage planted in Delaware than any other red Grape. This beautiful, compact variety has juicy, sweet flesh of the finest quality for both table and wine use. It is adapted to a wide area and considered one of the heavy production varieties. It is a good commercial Grape and your home orchard will not be complete without Delaware. Labelled **ORANGE**.

PRICES:

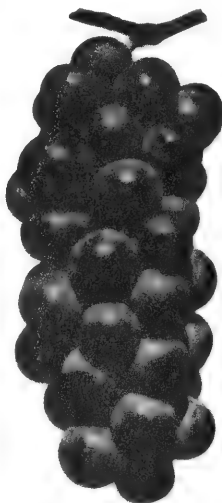

2 yr. Large Vines — \$.65

CONCORD

Figs

*Wolfe's Everbearing Figs Produce
Juicy Ripe Fruit the First Year*

You can have fresh, big, soft, sweet Figs the first year from Wolfe Everbearing Figs. Easy to plant and easy to grow. I wish you could spread some of the delicious Fig preserves that Mrs. Wolfe makes, on a hot biscuit, with a little butter, and then take a big bite. Good! So good that you'd plant three or four Figs in your back yard. Figs the first year!

WOLFE'S EVERBEARING FIG (RAMSEY)

It bears the first year and ripens big, delicious Figs from July until frost. Bears on new growth. As the actual color picture shows, it is a beautiful Fig and very sweet. \$400.00 an acre was made on this Fig at Dallas, Texas. Labelled **PINK** over **WHITE**.

PRICES:

2 to 3 ft. — \$.90 3 to 4 ft — \$1.10

CARMAN

CARMAN

The All Purpose Grape

Is one of the sweetest Grapes grown. We put up hundreds of gallons from our vineyard at Comanche, Texas. Carman makes large, compact bunches of Grapes and is a very heavy producer. It is a regular bearer of firm, glossy black Grapes that melt in your mouth. It is adaptable to most any section and ideal for home or commercial planting. Carman is one of the famous Munson Grapes that combine the best quality of several varieties. It is mildew-resistant and is seldom attacked by leaf folder. Carman is labelled with a RED stripe.

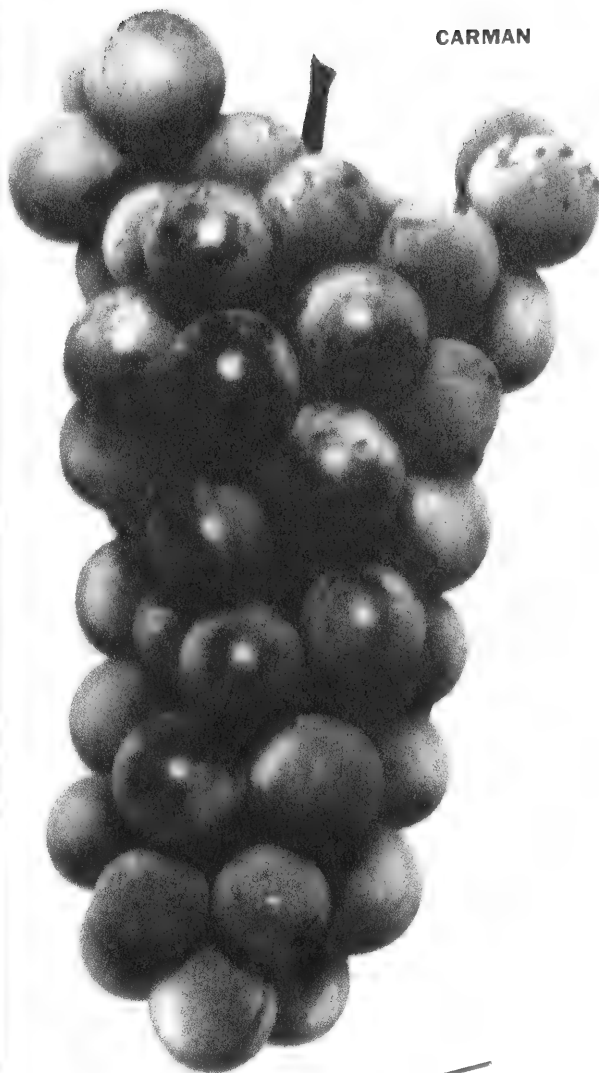

PRICES:

3 yr. Jumbo Vines — \$1.00
2 yr. Large Vines — \$.75

Guaranteed!

Yes! In every sense of the word. Your money quickly returned if not completely satisfied. Wolfe Nursery stock is pure strain, true-to-name, Federal and State approved, grown right, inspected seven times, packed right, and delivered promptly. You will be pleased.

A Super Special Collection of Grapes for home use. Collection is made up of two Carman and one each of Thompson Seedless, Delaware, Niagara, and Concord. A regular \$4.75 value for only \$3.98. All six for only \$3.98.

Thousands of letters from satisfied customers prove just how good Carman is. Its vigorous growth and heavy production mark it outstanding among grapes.

RHUBARB

VICTORIA RHUBARB

The first plant to furnish fresh sauce for pies in springtime. Will last a lifetime. Will provide lots of juicy stalks after the first year. Plant two feet apart. Set the roots straight up and down, with the crown about two inches below the surface of the soil.

Last fall, Mrs. Wolfe planted Rhubarb in her side yard. Not only did she have an abundance of juicy rich Rhubarb for sauce, the huge, caladium-like leaves of the dark green plant added unusual color and beauty to her landscape.

PRICES: 12 for \$1.60

ASPARAGUS

MARTHA WASHINGTON ASPARAGUS

Introduced by the U. S. Department of Agriculture a few years ago. Produces large, tender, green tips. Famous for its mild, rich, full flavor. A few roots produce many tips. Plant them 12 inches apart in the garden. In the field, the rows can be 4 feet apart. 5,000 roots will plant an acre.

PRICE: 12 for \$1.25

STREAMLINER**HIGHEST QUALITY • SELECTED***Strawberries***STREAMLINER****Sensational Everbearer for the South**

The largest Strawberry grown. Some as large as hen eggs. Streamliners planted in Fort Worth last February started bearing in March and were picked all summer and through Christmas. A Fort Worth grower says: "Streamliner produces more of the best Strawberries than any we have tried in 17 years. They continued to bear through 25 degrees of weather." Mulch the ground heavily with straw or sawdust to keep the heavy berries off the ground. Find a place in your planting for this huge, fancy, rich-flavored Strawberry.

PRICES:

ROSSBERRY

*The
Greatest
Berry
I've Ever
Found*

Juicy cobbler made with fresh berries, home-made jam with gobs of butter and hot biscuits — those are the things that the whole family can enjoy. The eating pleasure that you get from your own berry patch is worth time and time again the little amount of work it takes to grow berries.

Rosberry

IT HAS EVERYTHING and is the sensation of quick-freezing. It is huge in size, and has the unusual combined flavor of Raspberry, Loganberry, and the sweet Blackberry. It fruits the first year after planting and withstands cold and drought. It actually likes dry weather. Remarkably free of the usual diseases. Small, soft seeds are very few. Now growing in over sixty Federal and State Experiment Stations. First berry to ripen and a very heavy producer. 600 gallons per acre. Grows on a trellis and very easy to pick. As told by the original grower, Rosberry was created by Luther Burbank and went undiscovered for many years.

PRICES:

10 Plants — \$2.00
25 Plants — \$4.50
50 Plants — \$8.00

50 Plants — \$4.00
100 Plants — \$6.50

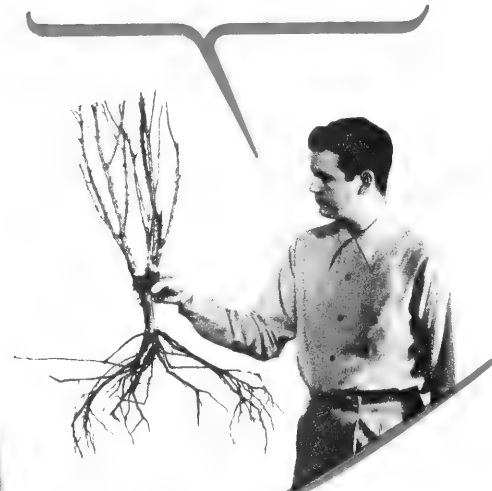

LET'S TALK ROSES

It is so easy to grow beautiful roses but, believe me, you must have good rose bushes to start with. The following statement is putting it rather bluntly, but it's just about the only way to explain the rose situation as it now exists. This year, as has been the case the past several years, the supply of good rose bushes is extremely short. There's simply not enough good bushes to supply the demand. Please, don't you be fooled by the phrase "Two-year, field-grown bushes." That phrase, alone, when describing roses doesn't mean a single thing as far as the quality of the bush is concerned. A bush can be a complete cull and still be two-year field-grown. For a rose to be top quality, it must be a *No. 1, two-year field-grown bush*. You are going to get just the quality you pay for when you buy roses. A poor quality rose, like poor quality perfume, sells for a cheap price.

Our guarantee indicates the quality of our roses — it is a guarantee that *protects you*. Here is what you will find when you receive Wolfe Nursery Western Grown Jumbo Roses. A nice green, fresh bush. Strong, heavy canes and a full fibrous root system. A quality rose that will be a complement to your yard and a source of pleasure to you for years to come.

GUARANTEED

Guaranteed! — Yes, in every sense of the word, our Western Grown Jumbo Roses are guaranteed to live, grow, and bloom. These are superior quality Jumbo bushes and all we ask is that you give them the proper care. We stand behind what we sell.

PEACE

Certainly this All-America Winner for 1946 is one of the most beautiful of all Roses. Perhaps its chief beauty is the great range of colors through which it passes. The full ovoid bud is deep yellow, with the edges of the petals picoté cerise. It slowly opens to a glorious 5-inch bloom with shades of canary-yellow, pale gold, cream, pearly white, and apple blossom. Although the bloom is unusually large, double and long-lasting, the dainty coloring gives it marvelous beauty. The plant is just as large and fine as the blooms, being above average in size, and the flowers are borne on long straight stems above the vigorous shining foliage. The fragrance is moderate. No such amazing combination of strong stems, fine lasting qualities, and huge, perfectly formed, delicately colored Roses, ever existed before. Plant Pat. No. 591.

LOWELL THOMAS

A brilliant lemon yellow. The 25 petaled blooms open from beautiful buds and have high, cupped centers, the glowing flower over 4 inches across when opened. Slight tea fragrance, lasting color. The plants are upright in growth with large lustrous green foliage. Voted one of the top ten All-American Roses. Plant Patent No. 595.

PRICES:

\$2.25 each — 3 for \$6.00

FASHION

All America Award Winner for 1950, Fashion blooms are bright coral-peach, a most amazing color because it is so brilliant and, at the same time, so soft and lovely. There is no other Rose color like it. Add to this the exquisite form of both the bud and open flower, and you will see why this Rose is being hailed with such enthusiasm. It has won the National Rose Society's Gold Medal in England and the famous Bagatelle Gold Medal in France. Scores and comments of the All-America judges gave it high praise, also. The open blooms are about 3 inches across, or larger. Buds open slowly to a wide-open flower with gracefully waved petals and a rich display of golden yellow stamens. Pleasing, old-Rose fragrance. Plants are good and vigorous, bushy, with neat, small, glossy foliage. It reaches a height of 2½ to 3 feet, with few thorns. We consider it a gem, as it brings a brand-new, enchanting color to Floribunda Roses. Plant Pat. No. 789.

PRICES:

\$2.00 each — 3 for \$5.25

FASHION

NEW YORKER

A bright, fiery red that will hold the spotlight over your whole garden. Large, well-formed, high-centered buds, excellent for cutting. Very fragrant and its blooms are long-lasting. It is a continuous bloomer with dark, glossy, disease-resistant foliage. New Yorker has gained in popularity each year since its introduction in 1947. It certainly shows up as one of the most outstanding roses that we grow. Plant Pat. No. 823.

PRICES:

JUMBO ROSES

CHARLOTTE ARMSTRONG

CHARLOTTE ARMSTRONG

Since its introduction in 1941, when it won the sole All-America Award, Charlotte Armstrong has become the favorite rose in thousands of rose gardens throughout the country. In our opinion, it remains the top All-America Winner out of all the fine varieties given this honor. Certainly it is one of the finest roses that we grow here at Wolfe Nursery. If you are planting it for the first time, you will marvel (as we still do) at the beauty of the lovely, long, carmine-red buds, with their perfect streamlined form, and at the magnificent open blooms of rich cerise. The open flower is usually 3 or 4 inches in diameter, with about 30 petals, high-centered, remaining a beautiful rich color until the last petal drops. No printer's inks can illustrate the richness of its color — you have to see it to appreciate it. Plant Pat. No. 455.

PRICES: \$2.00 each — 3 for \$5.25

DIAMOND JUBILEE

An All-America Rose Selection, Diamond Jubilee is an exceptionally good plant with its lovely blooms of soft peach-gold. Its petals have a wonderful heavy texture; the flowers open slowly and last well on the bush, or when cut. Blooms are double, high centered, and fragrant. Stems are long and straight with rich, dark green foliage. Plant Pat. No. 824.

PRICES:

\$2.00 each — 3 for \$5.25

DIAMOND JUBILEE

FORTY-NINER

The most brilliant and outstanding of all bi-color Roses, and certainly the most attractive. The color combination is rich and pleasing, vivid orient red with chrome yellow reverse, the yellow most evident in the bud and seen as flashes of a "Golden Lining," in the open bloom. An All-America Rose Selection that blooms continuously from early spring until frost. Plant Pat. No. 792.

PRICES:

\$2.00 each — 3 for \$5.25

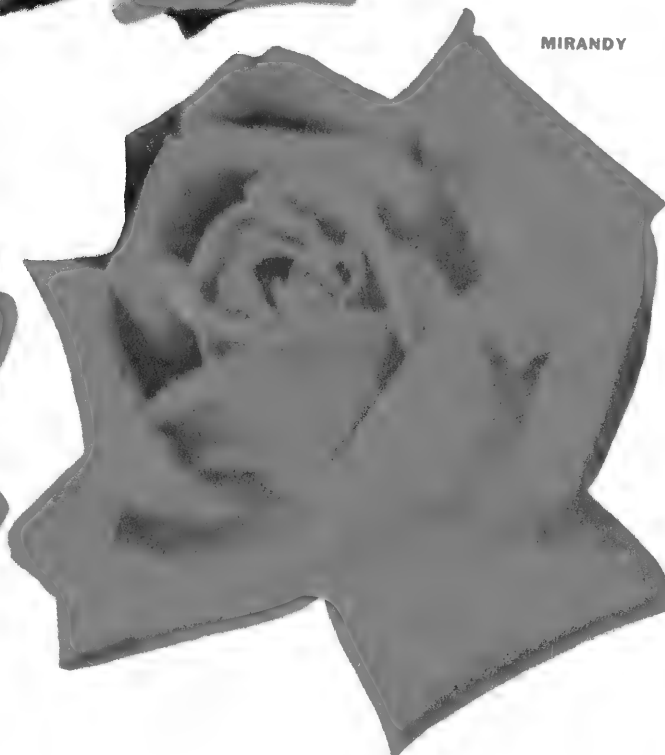

MIRANDY

Another one of the top ten All-America Roses. A great Rose of superb form, color and fragrance. The huge, 50 petaled, deep, deep crimson flowers open slowly from exquisitely modeled, ovoid buds, long pointed, and filled with rich, penetrating damask fragrance. Mirandy blooms continuously from early spring until hard frost. Plant Pat. No. 632.

FREE BLOOMING

Floribunda ROSES

PINKIE

PINKIE

Pinkie has more charm, dainty beauty and artistic appeal than any rose that we grow. It is a new and entirely different Floribunda type. The bushy little plants, 15 to 20 inches high, carry throughout the entire blooming season — Spring, Summer, and Fall — a great profusion of little slender pink buds with a perfection of form never seen in Floribundas before. Pinkie is perfectly adapted as a low hedge or border plant because it stays low and compact. (PATENTED)

PRICES: \$1.75 each — 3 for \$4.65 — 25 for \$37.50

NEARLY WILD

People who visited our rose fields this last summer never ceased to be amazed at Nearly Wild. It is without question the heaviest blooming rose that we have ever grown. From early spring until late frost, these 12 to 18 inch, compact bushes are a complete mass of colorful pink-centered blooms tapering off to a light cream at the tip of the petal. A border for sidewalk, driveway, or property line is the proper place for Nearly Wild. (PATENTED)

PINOCCHIO

Throughout the season it is literally covered with immense clusters of perfect little roses in the brightest, cheeriest, and daintiest shades of salmon flushed with gold that you can imagine. Each little bud in the cluster is a perfect garden rose in miniature and possesses a delightful fruity fragrance. The plant grows 24 to 30 inches tall, and requires no special care for splendid results. Plant Pat. No. 484.

PRICES: \$1.50 each — 3 for \$3.90

WOLFE'S Tree Roses

The most beautiful, unusual, and eye-catching roses grown are tree roses. For lending your Garden or yard a touch of formality, few, if any, plants can equal them. Tree Roses are grown by budding the desired variety into a tall, straight stalk at a height of 36 inches. The bushy head produces more flowers, and larger ones than the bush type of the same variety. You will note that the Tree Roses which we list are the same varieties as some of our most outstanding bush roses. For full description of the Tree Rose Bloom, look under the bush Rose of the same name.

EVERBLOOMING *Climbers*

Wolfe Nursery's Everblooming Climbing Roses represent the nation's most select varieties. In High Noon, Dr. Nicholas, and Climbing Peace, we present three climbers that will lend color and beauty to your fence or trellis throughout the entire blooming season. From early spring until hard frost, you can enjoy these unusual and outstanding climbing roses.

DR. NICHOLAS

The beauty and freedom of bloom of this remarkable new Rose will certainly win your heart. From spring to frost the fully double, 50 to 60 petals, deep rose-pink flowers are produced. Very fragrant, and they come on long stems fine for cutting. Beautifully displayed as a pillar rose. The plant is hardy and disease-resistant. The most popular climber we have sold. Plant Pat. No. 457.

PRICES:

\$2.00 each — 3 for \$5.25

HIGH NOON

All of the concentrated brilliance of sunshine at midday is captured in the lovely buds of this extraordinary climbing rose. The blooms are bright, shining, lemon yellow, and they stay on for a long period of time. Its well shaped buds are one of its most outstanding features. Many, including my wife, say that there's not any other rose that produces a more beautiful bud.

In early spring, High Noon seems to burst out all over, but it does not stop there. It continues to produce masses of blooms until hard frost. Plant Pat. No. 704.

PRICES:

\$2.00 each — 3 for \$5.25

CLIMBING PEACE

The bush rose of Peace is the world's most outstanding Rose. In the Climbing Peace all of the features of the original bush are maintained — the only difference being growing habits of the plant. Climbing Peace, a new introduction, should, and we think will, be the most popular of any climber yet introduced. It is a fast grower and, of course, it is ever-blooming. Plant the world's most beautiful Climbing Rose on your fence or trellis. Plant Pat. No. 932.

PRICES:

\$2.50 each — 3 for \$6.60

EDITH NELLIE PERKINS

All Color

COLUMBIA

A dainty pink everblooming rose. The plant is vigorous and the blooms are many petalled. Columbia, like all of the roses that we sell, is a guaranteed, West Texas Grown, Jumbo Rose — the finest roses sold. Labelled PINK over RED.

RED RADIANCE

A superior Rose and one of the very hardiest plants. Red Radiance is surely the most popular and widely planted of all roses. Certainly there is no rose that is more dependable. Labelled with one RED stripe.

BETTER TIMES

Delightfully fragrant, pointed buds; these delicately tinted cerise blooms will make friends anywhere. Merited popularity has rewarded this fine Rose everywhere. Now you can buy this outstanding Rose at the standard Rose price. Labelled RED over BLUE.

PINK RADIANCE

Plenty of long-stemmed, silvery-pink, fragrant flowers under all conditions of soil and climate. This robust, disease-resistant variety never fails. A favorite in American gardens for nearly 40 years. Labelled PINK.

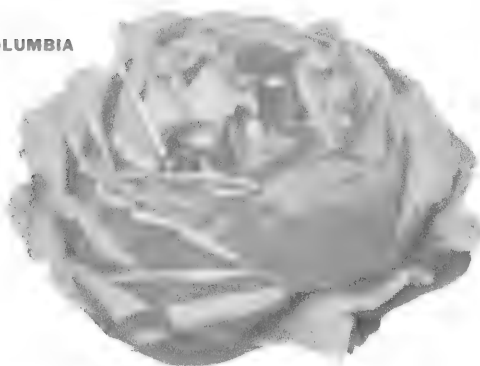

EDITH NELLIE PERKINS

Coppery outside and delicate salmon-pink inside of petals, with heavily over-spread tints of gold in high-centered, perfect buds, make this a favorite two-toned pink. For fragrance, abundance of bloom, and all-round desirability, it cannot be surpassed. Strong and attractive plants of this Rose should be included in your order. Labelled ORANGE over RED.

SOEUR THERESE

A bright yellow that holds its color well. Its buds are well-formed and ideal for the bud vase or buttonhole. Labelled YELLOW over RED.

AMI QUINARD

GOLDEN CHARM

Selection

AMI QUINARD

A deep, velvet red Rose — the darkest colored red that we grow. An ever-blooming variety that blooms from spring until frost. Labelled RED over RED.

GOLDEN CHARM

An outstanding yellow with jaunty, tightly furled buds and graceful, high-centered open flowers. A rich yellow color with a delightful old-time rose fragrance. Labelled YELLOW over WHITE.

ETOILE DE HOLLANDE

One of the finest dark reds. Great vigor. Gigantic flowers, constant blooming, intensely fragrant. Proclaimed by many as the very best red garden Rose. Labelled RED over GREEN.

K. A. VICTORIA

One of the best and most beautiful of all white roses. Attractive double bloom with a background of rich green foliage — everblooming, from spring until frost. Labelled WHITE over RED.

TALISMAN

This vividly colored Rose is probably better known as a florist's cut flower than any other. Exquisitely formed, orange-scarlet and golden yellow buds are borne on long stiff stems and are richly fragrant. Labelled ORANGE over WHITE.

K. A. VICTORIA

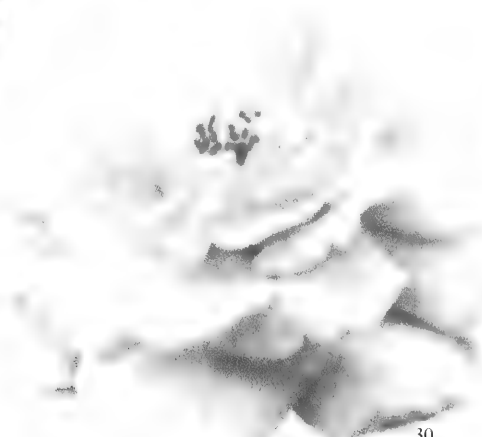

POINSETTIA

EDITOR McFARLAND

GOLDEN RAPTURE

CALDONIA

Outstanding for their ability to bloom continuously and freely and to produce many choice buds to brighten up your home all spring, summer, and fall.

POINSETTIA

As brilliantly red as the Christmas flower for which it was named, with long stems supporting the sparkling buds on extra-good bushes. Here is a red Rose that has just about everything it should have, and which can stand comparison with the best of all. Labelled RED over WHITE.

EDITOR McFARLAND

Even, glowing pink describes the bloom, which is free and abundant on a strong-growing bush. One of the most popular and dependable pinks and a great cut flower, it has enjoyed a long and merited popularity. Labelled PINK over BLUE.

GOLDEN RAPTURE

The sheer perfection of form and the brilliancy of color make this Rose one of the very best in its color class. Morning after morning you can cut some of the most lovely long-pointed buds of bright yellow that you have ever seen before — rich shining yellow. The shiny-foliaged plant grows to medium height and produces quantities of perfectly formed buds and flowers with a mild old-rose fragrance. Labelled YELLOW over BLUE.

CALDONIA

A soft, lovely white that has been the Rose Gardeners' favorite for many years. Long buds open to a fully double many-petaled bloom that is a complement to your rose garden. Labelled WHITE.

PRESIDENT HOOVER

An everblooming two-tone rose, combining soft pink and yellow for a pleasing effect. Two-tone roses are a must in any well-balanced Rose Garden. Labelled ORANGE over BLUE.

FOR YOUR MONEY

LOMBARDY POPLAR

One of the most stately and beautiful of all shade trees. The tree grows tall and carries large, deep green leaves. Many letters from you customers prompted us to again offer Lombardy Poplar. Labelled RED over RED.

PRICES:

2 to 3 ft. Trees - \$.75

3 to 5 ft. Trees - \$1.25

5 to 7 ft. Trees - \$2.25

CHINESE ELM

Most popular fast growing, upright shade tree. It grows into a huge, graceful green tree before you know it. Shading a west bedroom, I have one of those lovely Elms that is 35 feet tall, and has a spread of 40 feet. It must have a diameter of 2 feet at the age of 14 years. Dress up your home and lawn with stately shade. Plant shade trees for a background to your home - never in front, unless your home faces west. Chinese Elm is labelled RED over WHITE.

PRICES:

2 to 3 ft. Trees - \$.75

3 to 5 ft. Trees - \$1.25

5 to 7 ft. Trees - \$2.25

SYCAMORE

Peeling bark, which comes off in large pieces, leaving a smooth, cream-colored trunk. The globular fruits hang on all winter. A large tree, tall and impressive, widely used for street planting. Labelled RED over YELLOW.

PRICES:

2 to 3 ft. Trees - \$.75

3 to 5 ft. Trees - \$1.25

5 to 7 ft. Trees - \$2.25

WEeping WILLOW

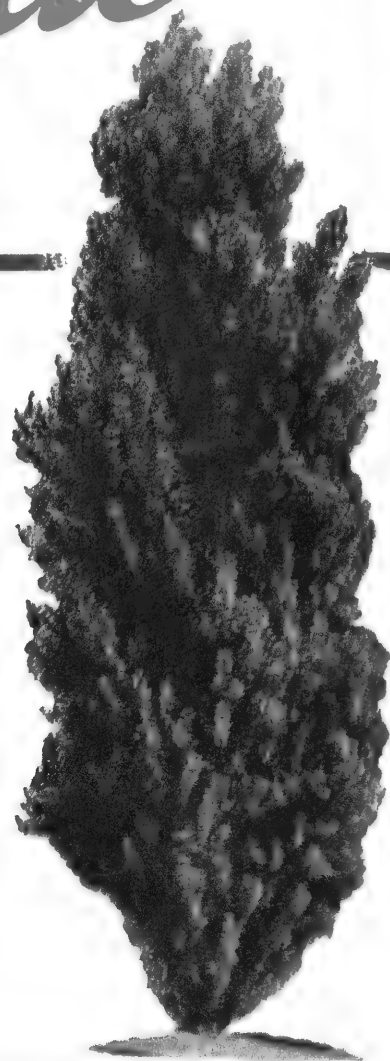

One of America's most beautiful shade trees. Our true Babylonian Willow lends a friendly atmosphere to the home and its long, light green limbs reach down to sweep the lawn. A gorgeous shade tree that invites you to a cool, restful spot during the hot summer evenings. A bank of Weeping Willows makes a lovely background for outdoor living rooms. Plant by rock garden, fish pond - wherever a graceful shade is needed. Labelled with a RED stripe of paint above a BLUE stripe.

MAGNIFICENT *flowering* SHADE TREES

**Beauty and Shade Combined To Make
Your Yard More Attractive**

MIMOSA

This unusual and most beautiful of all flowering shade trees is in such great demand that we have never been able to supply enough trees. The young, spreading tree pictured at the top of this page gives you some idea of what a colorful shade tree it makes. Actually, no picture can capture the amazing beauty of a Mimosa. It has an umbrella-like top with light green foliage that folds up at night. Fragrant, fluffy tufts of pink blossoms literally cover the arching limbs in the summer. It is extremely hardy and is adapted to all sections. Labelled RED over GREEN

PRICES:

2 to 3 ft. Trees — \$.85; 3 to 5 ft. Trees — \$1.35; 5 to 7 ft. Trees — \$2.35; 7 to 9 ft., branched, specimen Trees — \$3.95

PINK DOGWOOD

REDBUD

Spring's early beauty. It blooms in March and April with a mass of showy dark pink blossoms covering the limbs. Use for a background or to decorate the outdoor living room in the spring. Soon makes a green shade for summer. Don't wait. Labelled RED.

PRICES:

2 to 3 ft. Trees — \$.85 each 3 to 5 ft. Trees — \$1.35 each
5 to 7 ft. Trees — \$2.35 each

MAGNOLIA SOULANGEANA

The most popular hardy Magnolia and many think the most beautiful of all flowering trees. One of the first trees to bloom in the spring, the delightfully fragrant flowers appear before the leaves. The blossoms are large, often 8 inches across, pink on the outside and white on the inside. The foliage is an attractive shiny green. The tree seldom grows more than 10 feet tall and starts blooming when 3 feet tall.

PRICE: 18 to 24 inch size, \$1.95 each

HOPA CRAB

The most popular Flowering Crab. Beautiful in bloom, beautiful in foliage, beautiful in fruit. In the spring, it is completely covered with the fragrant, bright pink flowers. From midsummer to frosts, the clusters of small, red fruit gleam brightly along the branches. It makes fine jelly. In the spring, the foliage is a rich maroon. Perfectly hardy, easy to grow, thriving in any soil. Labelled RED over ORANGE.

PRICES:

2 to 4 ft. Trees — \$1.50 4 to 6 ft. Trees — \$2.00

PINK DOGWOOD

A profusion of lovely pink blossoms, followed by rich green foliage make Pink Flowering Dogwood one of the most loved and popular flowering shade trees. So many of our customers wrote us asking for Dogwood, that we offer it through our catalog this year for the first time. Labelled RED over PINK.

PRICES:

Selected 1 Year Trees — \$3.95 Each

FLOWERING SHRUBS

An All-Season Parade of Color

BLEEDING HEART

A favorite in Grandmother's garden half a century ago, it is equally popular today. Grows 2 feet tall. Thrives in partial shade, but will grow in full sun. Attractive foliage. Graceful heart-shaped pink flowers in April-May. The plant becomes larger, more beautiful, each passing year.

PRICE: Selected Tubers - 85c each

CRAPE MYRTLE

Our most popular flowering shrub, and certainly one of the best loved and admired flowering shrubs of all time. Our Red Crape Myrtle is a watermelon-red color, the finest strain of red that we have ever grown. Our Pink Crape Myrtle has deeper color than most ordinary strains. It is a lovely Rose-Pink with huge clusters of blossoms.

PRICES:

RED 2 to 3 ft. Size - 80c

PINK 2 to 3 ft. Size - 80c

ALTHEA (Rose of Sharon)

Beautiful double flowering varieties of Red, Purple, Pink, and White that shower blooms from the middle of July to frost. Big, bright green leaves. These hardy, fast growing Altheas make one of the showiest of mid-summer flowering shrubs.

No. 16-2 RED Price: 2 to 3 ft., 60c each

No. 16-3 WHITE . . . Price: 2 to 3 ft., 60c each

No. 16-4 PINK Price: 2 to 3 ft., 60c each

No. 16-5 PURPLE . . Price: 2 to 3 ft., 60c each

MOCK ORANGE

This beautiful flowering shrub blooms heaviest in May and June but Orange blossoms can be seen almost any day during the summer. It is Mother Nature's perfume of the garden.

PRICE: 2 to 3 ft. size - 80c each

CYDONIA JAPONICA

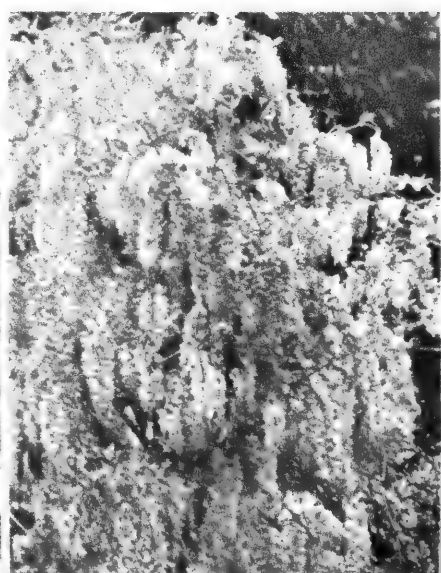

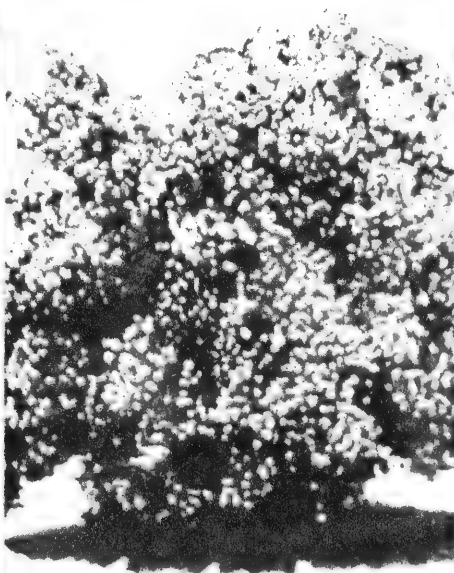

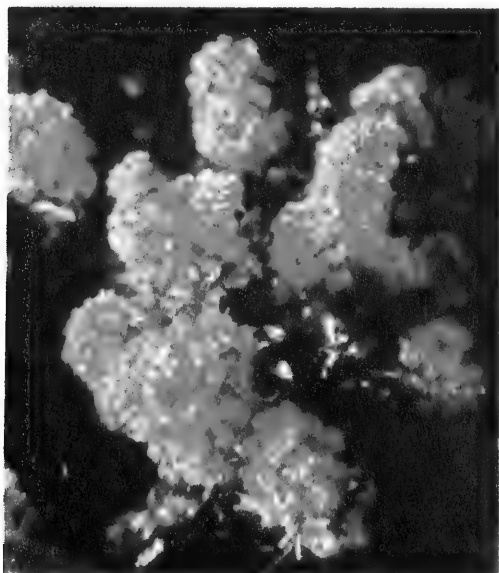

An aristocratic early blooming shrub that puts on showers of lovely salmon-red flowers in February or March, before the dark green leaves appear. This mass of red blossoms remains for 3 or 4 weeks. An extremely hardy shrub that is used in front of ever-green foundation plantings with striking results. A border of Cydonia is a breathtaking sight.

PRICE: 1 to 2 ft. size, 80c each

PURPLE WISTERIA

A magnificent climber that becomes more beautiful each year. Can be trained to make a tree. Plant on trellis, fence, old trees or as special specimens. Will bloom first year.

PRICE: 1 year size - 80c each

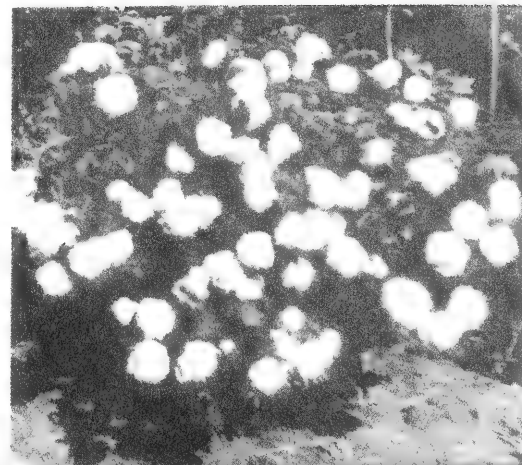

FLOWERING SHRUBS

SNOWBALL JAPONICA

There are few June-flowering shrubs which can match the rare beauty of the pure white flowers arranged in perfectly round "snowballs," 3 to 4 inches across. It's a stately, erect grower, dressed in beautiful rich green foliage. Makes a handsome 6 to 8 ft. specimen.

PRICE: Selected 1 to 2 ft. Plants - \$1.00 each

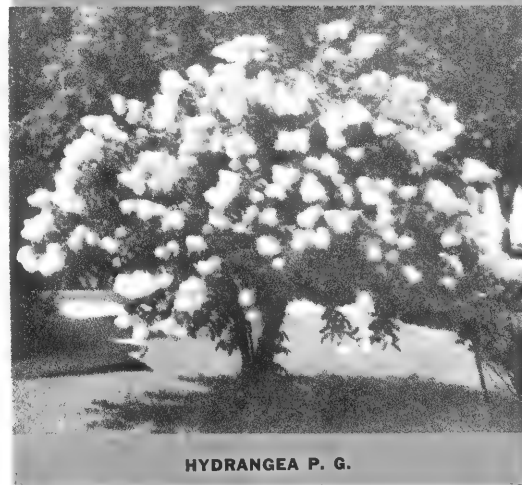

SNOWBALL JAPONICA

HYDRANGEA P. G.

This grows in sun but prefers partial shade, does well even on north side of house. Giant cone-shaped flowers are white at first, then turn pink and bronze. When cut, they last for weeks inside. Grows 4 to 6 feet tall, blooming from mid-summer to frost.

PRICE: 2 to 3 ft., \$1.50

HYDRANGEA P. G.

RED LEAF BARBERRY

There is nothing as strikingly brilliant in hardy shrubbery as our genuine true red strain of Red Leaf Barberry. Its abundance of thick red-maroon leaves fairly glisten and makes a novel contrast to other plants. Grows about 3 to 4 feet tall. Plant for single specimens, corner groups, solid border hedge, etc. Beautiful in front of a light-colored home. Our Gallon Container plants must be ordered in multiples of 2 for shipping purposes.

PRICES:

Specimen Bushy, plants in Gallon Containers \$1.50 each
(Order in multiples of 2 only) 12 to 15 inch plants - 80c

PINK ALMOND

This lovely pink blossom shrub with creamy white tassels forming a dainty center of the flower lends an unusual beauty to any landscape. It is adapted to almost any section and is deserving of its popularity as an early blooming specimen. Mix plenty of flowering shrubs of different colors in with a well-arranged evergreen foundation planting and your landscape will be a thing of beauty.

PRICE: 1 to 2 ft. size, 80c each

DEUTZIA, PRIDE OF ROCHESTER

A vigorous, heavy blooming variety that steals the show with delightful double white flowers tinged with soft pink. This outstanding addition to our flowering shrub collection means pleasure and beauty for you and your yard.

PRICE: Strong 18 to 24 inch plants - 90c

FORSYTHIA

Rarely do we find a yellow flower that attains such perfection in glowing color as the early blooming flowers that mass in great profusion during April. After that, the graceful swaying limbs support dense green leaves that suggest a friendly welcome to the lawn or shady part of the landscape

PRICE: 2 to 3 ft. size, 90c each

COMPLETE YOUR LANDSCAPE WITH

Colorful Flowering Plants

GOLDFLAME HONEYSUCKLE

This new sensational Goldflame Honeysuckle blooms every month in the year and is an unusually heavy blooming variety. The beautiful red and rich golden yellow blooms make a dainty tassel for the shapely bush. Shade or sun.

PRICE: 1 to 2 ft. size, 90c each

BUFORDI HOLLY

"Bufordi Holly." The finest Holly because the foliage is large and glossy, deep green in color. The plants bear plenty of big, bright red berries like those illustrated above. It will make a big shrub in time, but not for many years will it reach ultimate height. Will grow well in either sun or shade. 6 to 10 ft. 10°.

NOTE: Because of our shipping containers which hold 2 gallon buckets, bucket plants must be ordered in multiples of 2.

PRICE: Gallon Containers - \$1.95 each

SPIREA ANTHONY WATERER

Grows 2 ft. America's most popular low growing shrub. Covered all summer with big bright red blooms, compact growing with many branches. An ideal shrub to fill in front of the taller growers or in front of house foundation.

PRICE: Extra Select Plants \$1.00 each

BUDDLEIAS *Summer Lilacs*

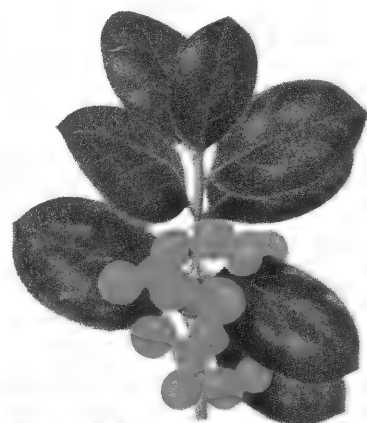

Four new Buddleias, each the finest of its color, and all blooming profusely and continuously from early summer to frost. No other shrub can compare with them for freedom of bloom. They make a compact bush, 4 feet or so tall. The roots are hardy, the tops die down in winter, then come up again even more vigorously next spring. The lovely fragrant flowers are beautiful in the garden and fine for cutting.

PRICE:

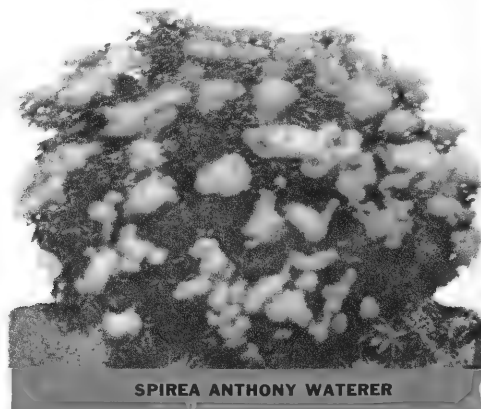

4 Select Varieties - one of each color - Only \$2.95

GOLDFLAME HONEYSUCKLE

Bloom From
Early Summer
To Late Frost*

FLOWERING SHRUB CULTURE

The exact size of the hole will, of course, depend on the size of the plant root system. Make sure the roots are not crowded. Pack good top soil around the roots, watering them thoroughly. Then water only often enough to keep the soil moist. Do not keep the soil soaked. For detailed information on watering, refer to Roses or Pecans. The basic principles are the same.

MODERN DOUBLE FRENCH

DOUBLE FRENCH LILACS

Lilacs

*Huge Fragrant Double Blooms
Make Beautiful Bouquets - A Complete
Range of Exciting Colors for Your Enjoyment*

DOUBLE FRENCH LILAC

You can't match the exotic beauty of FRENCH HYBRID Lilacs. They bloom very young after planting and grow from 6 to 8 feet tall. Many cities are making them the city-wide shrub. We offer these four varieties as a collection at almost the price of one plant. Set them about 2 feet apart so the blooms will overlap. They blend perfectly together and such an arrangement will make a beautiful color scheme.

All Four Colors

Only **\$3.75**

LILAC PURPLE

The beautiful old purple Lilac that you and I have known since we were kids. I have the original pure strain that grows tall and is covered with huge blossoms that only Mother Nature can provide. Fragrant and is often used as an informal hedge or as a flowering shrub under high windows.

PRICE: 1 to 2 ft. size, 80c each

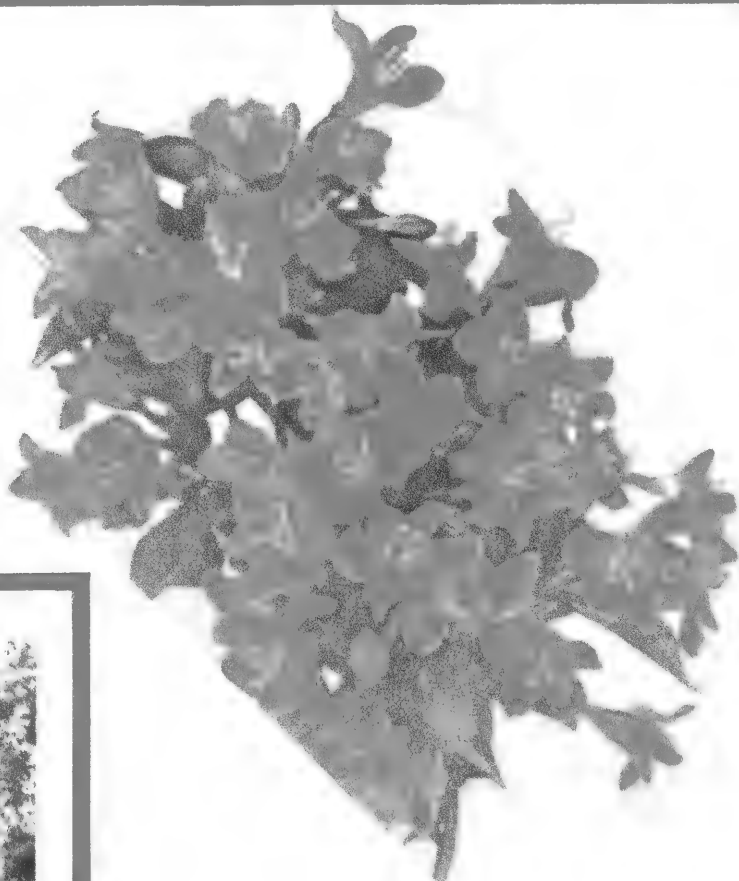

Weigela

BRISTOL RUBY

A superior Weigela, producing immense quantities of sparkling, ruby-red, bell-shaped flowers. After the spectacular June to July display is past, another fine showing of bloom appears in late summer and autumn. Grows into a perfectly formed, well-rounded, 6 to 7 foot specimen. Plant Pat. No. 492.

PRICE: \$1.50 each

WEIGELA ROSEA

A graceful arching spread of dainty pink and red blooms. Its foliage and blooms seem to have arranged into a beautiful bouquet by Mother Nature. This Pink Lady should be planted in part shade.

Cushion MUM

A Solid Mass of Blooms

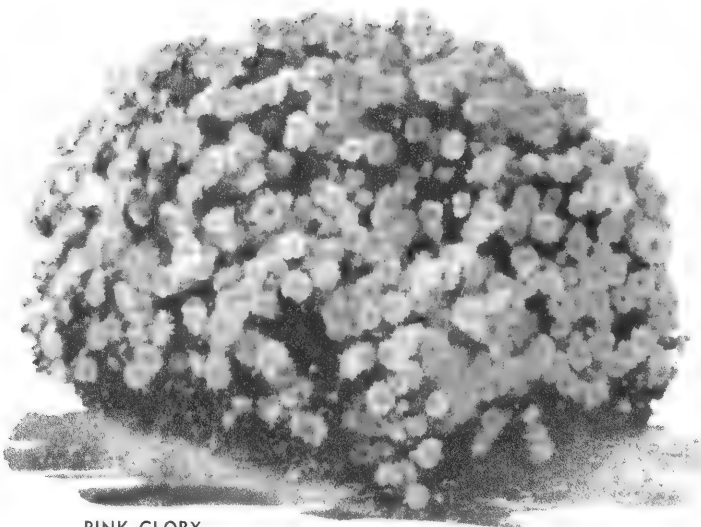

For Border or Specimen Planting

Grow about 2 feet tall and 2 feet wide. A RIOT of colors and entrancing beauty in the fall. The most show for your money! Thousands of lovely, colorful Mums to brighten your home from early fall until frost. Decorate vacant spots, borders, or a special garden with all five colors and have bushels of gorgeous blossoms the first year. They make a lovely deep green globe during the summer and all the blossoms seem to pop out overnight. Cushion Mums will be shipped separately from the rest of your order — usually around the latter part of April and first part of May. When your Mums arrive, plant them right away. **IMPORTANT:** Cut all the top off about 2 inches above the ground. This causes the plant to spread and make better growth. Soak the ground when planting and keep moist and shady for several days.

BLUE GLOBE

A Money-Saving LANDSCAPE SERVICE

If you will come visit us with details of your yard, or send us pictures or blueprints with sufficient instructions, we will draw and submit to you a suggested landscape plan. There is *no charge or obligation* for this service. It is simply a customer service designed to help those people who are landscaping their homes. Won't you call on us? We welcome the opportunity to serve you.

ENTRANCE SPECIAL

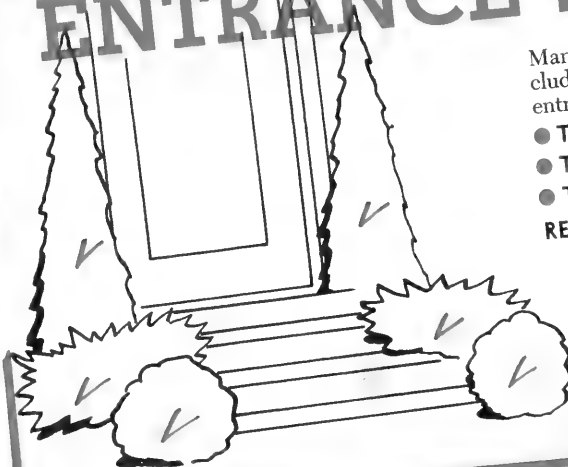

Many have written us, asking that we include an offer to landscape their home entrance. Here is a good one —

- Two Italian Cypress — one for each side
- Two Spreading Pfitzer Juniper
- Two Low-Growing Bonitas

REGULAR \$6.00 value

for
only

\$5.50

GOLDEN BONITA

Gardenias

GARDENIA

GARDENIA

This hardy, sweet-scented Evergreen needs no description. As shown at right, this is a heavy-blooming variety that will bloom the first year if planted early. Like every item in our catalog, Gardenia Fortunei has proven worthy of a place in your planting. Shade or sun. Cover if temperature drops below zero.

PRICE: Heavy, well rooted specimens,
1 to 2 ft., 90c each — root wrapped

PFITZER JUNIPER

Most handsome and useful Evergreen for the landscape. This popular spreading Juniper has beautiful silver-green, weeping branches and works in nicely with Italian Cypress, Bonita, or as a fill for borders and walk planting. Reaches a spread of 4 to 6 feet and can be pruned to desired shape.

PRICE: 9 to 12 in. plants, \$1.00 each

BAKERS ARBORVITAE

A beautiful dark Evergreen that will furnish a special green for your foundation planting. Can be sheared, will grow from 8 to 12 feet tall.

PRICE: 1 to 2 ft. size, 90c each

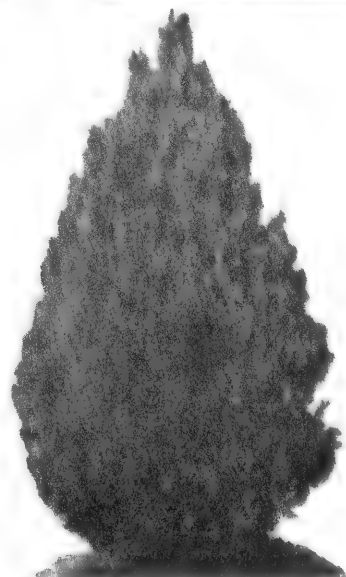

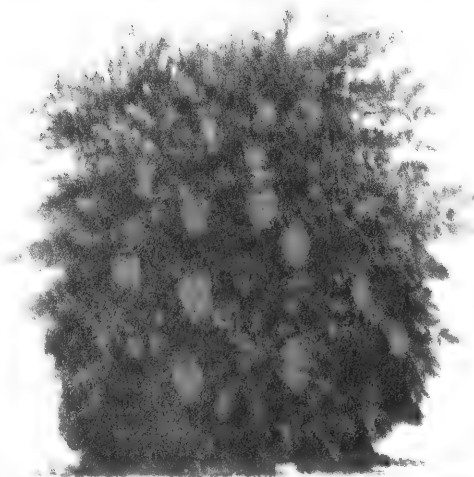

NANDINA

The unusual Evergreen that changes color with the season. Bright green in the summer, turning to vivid shades of fire-red in the winter. Covered with clusters of scarlet-red berries all winter. Grows 3 to 5 feet tall. Can be pruned to desired height. Use under windows and mix with other greens for year-round beauty.

PRICE: 1 to 2 ft. size, 90c each

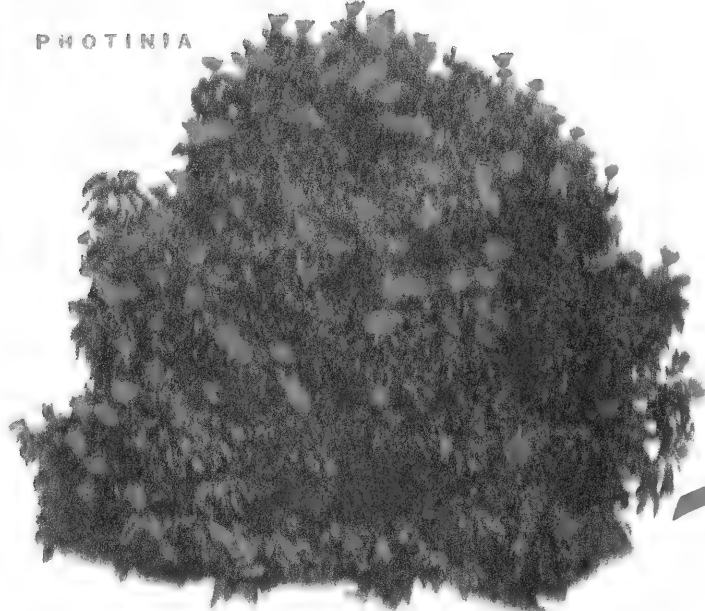

BAKERS ARBORVITAE

*Selected Evergreens
Mean Year-Round
Beauty for Your Yard*

PFITZER JUNIPER

NANDINA

PHOTINIA

A large handsome Evergreen with slightly curled, indented leaves. The new foliage in the spring is a contrast of bright colors and in the fall, they produce an abundance of scarlet red seed pods that look like a mass of red berries. Thrifty grower that can be used many places in the landscape. Will grow from 5 to 7 feet tall but can be pruned low.

PRICE: 1 to 2 ft., Root Wrapped, 90c each

EVERG

ITALIAN CYPRESS

A tall, graceful, slender Evergreen with dark green foliage. Need not be sheared — grows 20 feet tall, but can be kept to desired height by pruning top. Use with Pfitzer Junipers to build up tall lines on the corners of your home.

PRICE: 1 to 2 ft. size, \$1.00 each

WAXLEAF LIGUSTRUM

One of the finest broad-leaf Evergreens grown in the South. This aristocrat of the Evergreen family has showy, thick, waxy leaves that are dark green on top and light green on the under side. Can be pruned to any shape, for specimen plants, or beautiful informal hedge.

PRICE: 1 to 2 ft. size, 90c each

YELLOW JASMINE

We have selected this variety out of several Jasmynes. Its long, slender branches arch and hang to the ground. The foliage is a bright, tender green that is covered with gorgeous little yellow flowers all summer.

PRICE: 1 to 2 ft., 90c each — Root Wrapped

ARIZONA CYPRESS

Very popular in the Southwest. A beautiful tree that grows to 25 feet. Blue-gray foliage. Natural growth is spreading but can be kept slender by shearing. The ARIZONA is hard to transplant, but once started is hardy and drought resistant. Do not water this plant as much as other Evergreens.

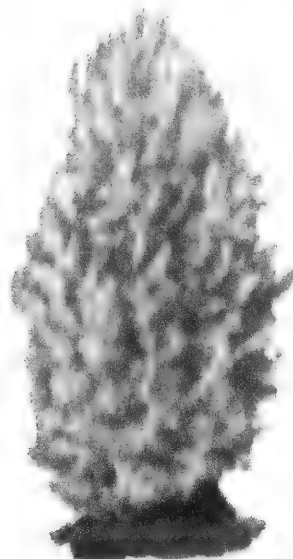

Bucket Plants must be ordered in multiples of 2

PRICE: Specimen, Gallon Can Plants — \$1.95

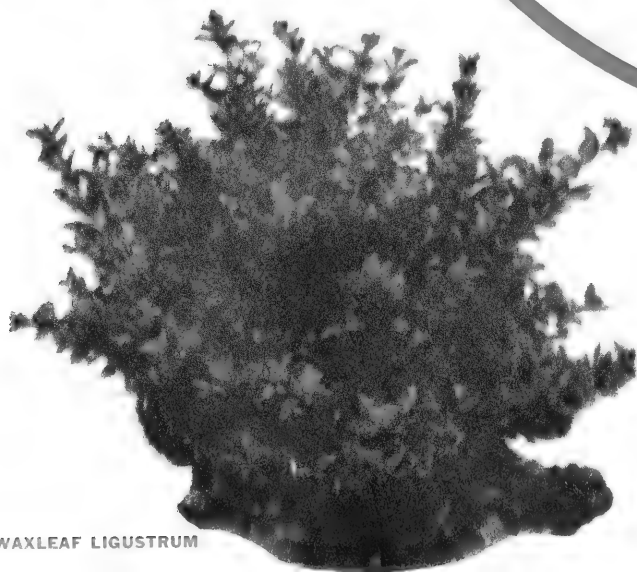

ITALIAN
CYPRESS

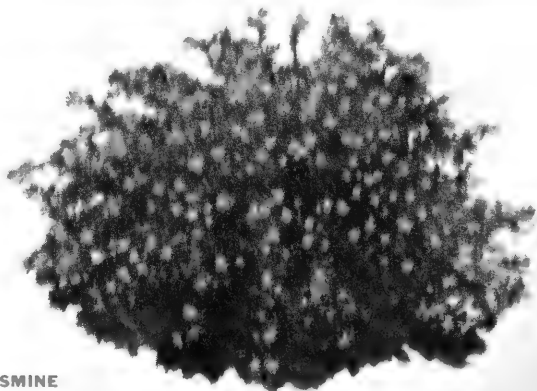

ARIZONA CYPRESS

WAXLEAF LIGUSTRUM

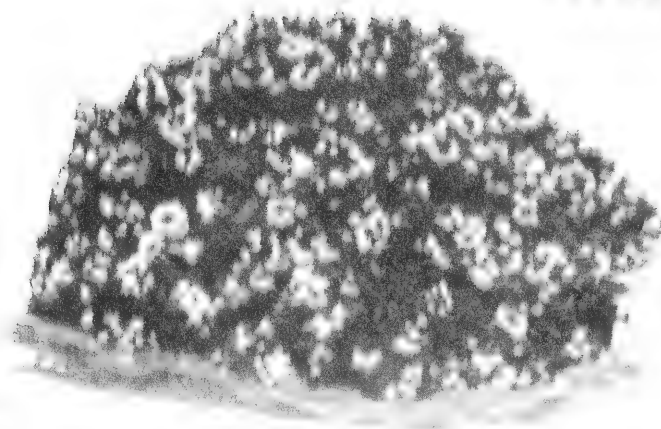

YELLOW JASMINE

ABELIA

One of the rare evergreen family that blooms from May until frost with a mass of fragrant, white flowers that have a very light touch of pink. Each flower is cradled in a bell-shaped cup with six petals of dark purplish red. This array of exquisite blooms has for a background a willowy, dense, glossy green foliage that changes here with the season. Grows 3 or 4 feet high.

PRICE: 1 to 2 ft. size, 90c each - Root Wrapped

REENS

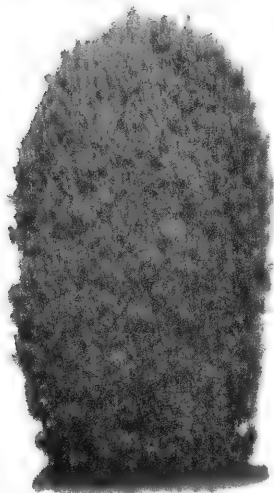

CHERRY LAUREL

A handsome Evergreen shrub that can be grown into a tree or pruned as a specimen. Dark, shiny green leaves and grows very compact. Prune the lower limbs if you want it to grow tall. Will grow 15 to 20 ft. tall.

Plants in Gallon Containers must be ordered in Multiples of Two.

PRICE:

Specimen Plants in Gallon Containers, \$2.25

CHERRY LAUREL

EUONYMOUS JAPONICA

A waxy, glossy-leaved specimen of the *Broad-leaf* evergreen family. An all-purpose plant that may be pruned to any shape, or that will cling close to the wall. Ideal for planting behind flowering shrubs and will make a lovely hedge.

PRICE:

1 to 2 ft. size, 90c each - Root Wrapped

BONITA

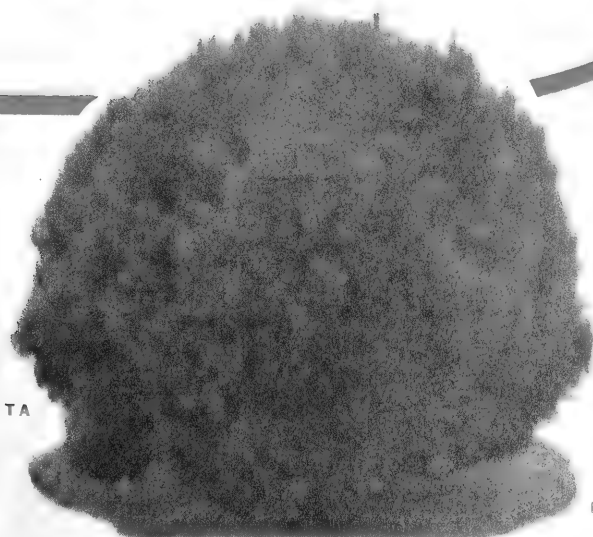

Bonita is a dwarf medium Evergreen that grows round as a ball. No trimming necessary. Grows 3 to 4 feet tall and just as broad.

PRICE: 12 to 15 in. size, \$1.00 each

ENGLISH IVY

Ugly bareness becomes a spot of beauty when buildings of stone, concrete or stucco, and "hard-to-cover" slopes and banks are covered with the dense, rich, glossy evergreen foliage of English Ivy. Famous for long life. Mass effect can be created by planting 2 to 3 feet apart.

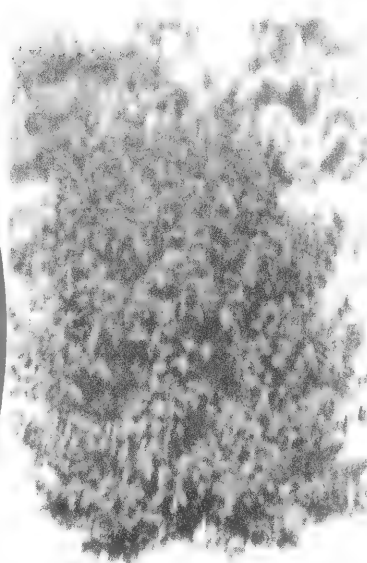

PRICE: 2 Yr. Plants - \$1.00

BONITA

ENGLISH IVY

EUONYMOUS
JAPONICA

Hedges

JAPANESE LIGUSTRUM

The very best for an evergreen hedge. The big, dark green, showy leaves and compact growth make it easy to trim and shape. Makes a fine informal hedge when not trimmed. Fast growing variety.

PRICES:

10 Plants - \$2.95 20 Plants - \$5.10
50 Plants - \$12.00

BRIDAL WREATH HEDGING

Without a doubt, one of the most useful and widely used shrubs in the United States. Blooms in April and May, throwing out long branches that curve and droop to the ground and covered with a mass of pure white flowers that suggest a fountain of snow. May be used singly, massed, or as an informal hedge.

PRICE: 2 to 3 ft. size, 80c each

ROSE MULTIFLORA

The very best, most colorful, all-purpose hedge grown. It makes a dense, thorny barrier that stops traffic across your yard or garden. And just as it keeps livestock in a field, it keeps your pre-school youngsters from wandering out of the yard. In the spring, even if trimmed, it bears clusters of small, white, wild roses and, in the fall, the berries turn a pretty bright red. If you let it grow, it will get tall enough to make a good screen. Ideal on terraces because it stops washing. Does not sucker or spread so does not interfere with nearby plants or garden, and you'll find it easy to run a lawn mower under its arching branches. Grows 2 ft. to 6 ft. high, depending upon how you trim it. We do not offer the small conservation grade as we believe the loss in planting is too great for that size plants. And our Super Grade will make you a hedge in a hurry.

PRICES:

10 Plants - \$2.95 50 Plants - \$11.95
100 Plants - \$19.50.

BRIDAL WREATH HEDGE OFFER

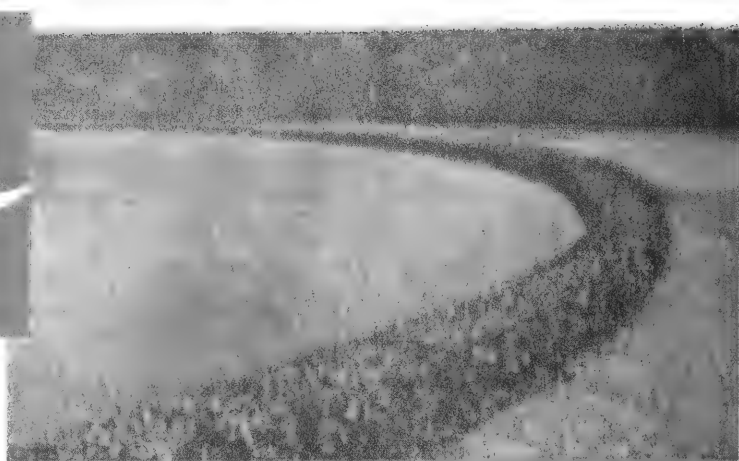

Ten 2 to 3 ft. size — Only \$4.95

AMoor RIVER PRIVET

The most widely planted hedge that is grown. It is easy to transplant and easy for you to grow. It may be pruned any shape you desire — round, square, or in figures.

PRICES:

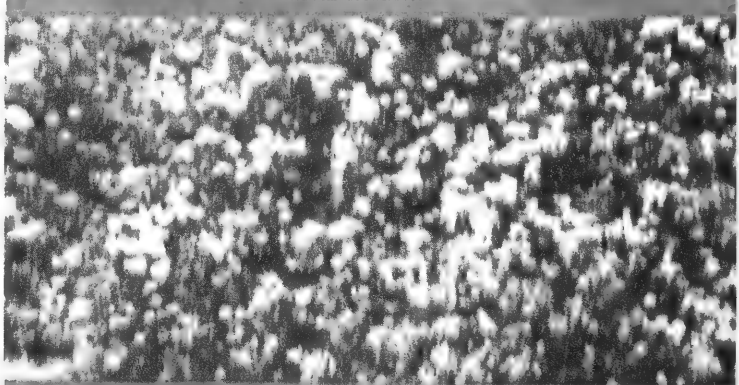

2 to 3 ft. size — 10 Plants, \$1.50; 20 Plants, \$2.75;
50 Plants, \$6.00

For Your Early Order

WOLFE'S 1952 SUPER BONUS OFFERS

PICTURED HERE ARE THE **FREE PREMIUMS** YOU RECEIVE
IF YOUR ORDER IS PLACED BEFORE NOVEMBER 25th

This is How it Works

Free Premiums are given with each order that we receive before November 25. For each \$5.00 worth of nursery stock that you order, you select one of these valuable free Premiums. For instance, if your order is as much as \$10.00, you select the two Free Premiums of your choice. The larger the order, the more Free Premiums you receive. Either mark your selections on our order blank or attach a note to the order blank advising us of your choices. Your Free Premiums will be shipped along with the rest of your order.

MRS. WOLFE'S GIANT DAHLIAS

There's a two-fold reason for offering our Giant Dahlia Collection. Of course, one reason is to urge your early order — but more important, we want you to see Mrs. Wolfe's Giant Dahlias. They are the largest, most colorful Dahlias that ever complemented a landscape.

ALTHEAS (SHOWN BELOW)

These lovely Altheas (Rose of Sharon) lend soft color to your landscape all during the blooming season.

Make Your Own Selections from the List Below

1. 3 WATERMELON RED CRAPE MYRTLES

A regular \$2.40 catalog value offered as a Free Premium. These are large size plants that will bloom the first year.

2. 5 COLORFUL PHLOX

A regular \$1.65 catalog value offered as a Free Premium. Five grand colors that will bloom this year.

3. 2 FLOWERING MIMOSA TREES

A regular \$1.70 catalog value offered as a Free Premium for your early order.

4. 3 LOVELY ALTHEAS

A regular \$1.80 catalog value offered as a Free Premium. These are large, blooming size plants.

5. 5 GIANT SHOW DAHLIAS

A regular \$2.50 catalog value offered as a Free Premium. The most valuable Bonus of them all.

MIMOSA

By far the most beautiful of all flowering shade trees. Pink blossoms stand out amidst rich green foliage.

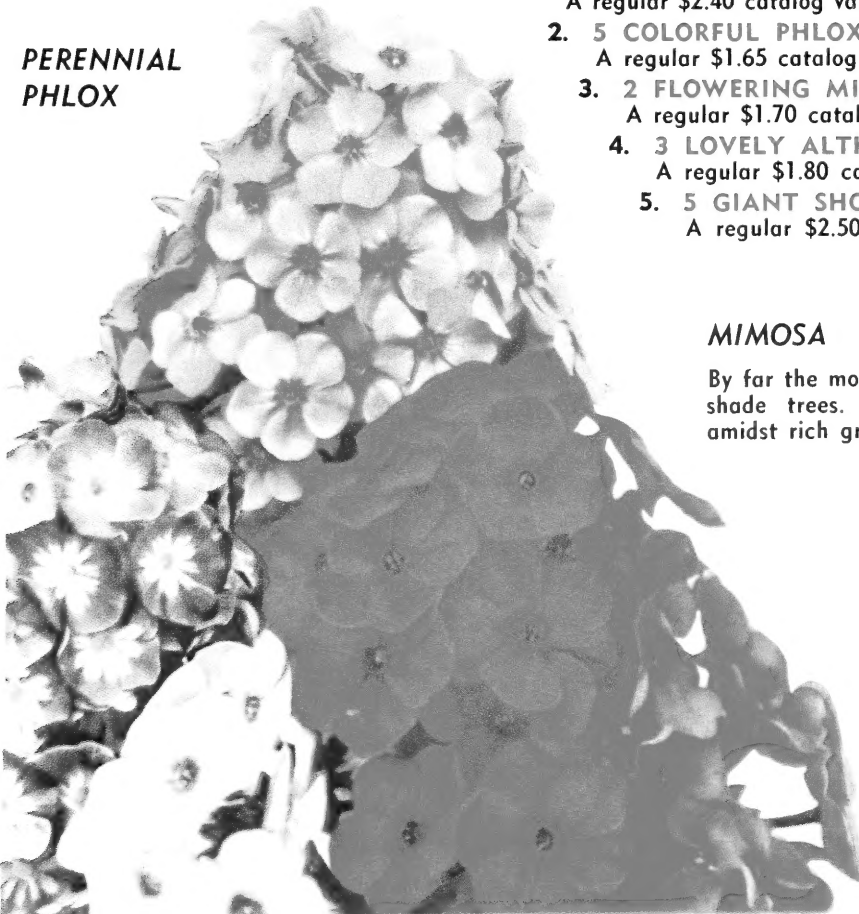

NOTE

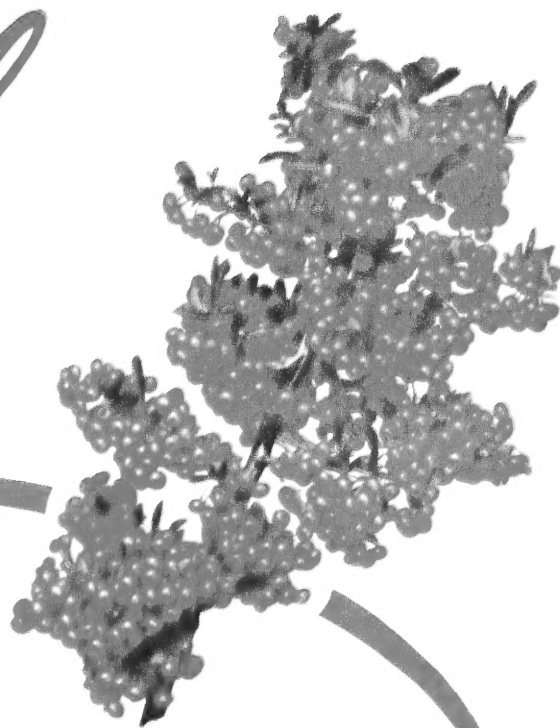

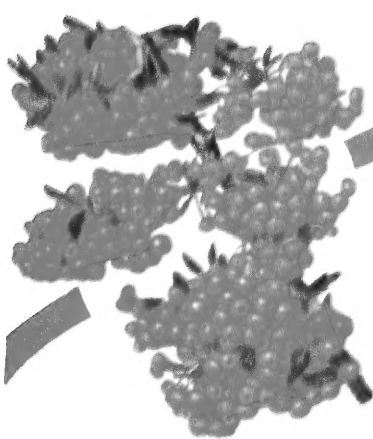

To receive Bonus Premiums, your order must be received before November 25, 1951. Bonus plants will be given only when cash, check, or money order accompanies your order. C. O. D. orders do not receive Bonus Plants.

CRAPE MYRTLE

PERENNIAL
PHLOX

Colorful EVERGREENS

Crimson Tide!

WOLFE NURSERIES' AMAZING NEW PYRACANTHA

PYRACANTHA CRIMSON TIDE

Our new hardy Pyracantha that is a sensational beauty. It is lower-growing than most Pyracanthas, and it produces more and larger bright red berries than any other variety. Its leaves are broad and dark green. Its blooms, a bright, bell-like white. Its berries, in cluster, are outstanding all during the winter. Perfect for specimen planting or informal hedge.

PRICE: 1 to 2 ft. plants \$1.50 each

PYRACANTHA LALANDI

Commonly called Firethorn. Tall, upright Evergreens covered with bright orange berries during the winter months. Leaves are dark, shiny green. Endures extreme cold.

Combination HOME ORCHARD

Here's a complete Home Orchard that includes fruit trees, berries, strawberries, and all the other good plants that it takes for a family to really enjoy the things that they grow themselves. Most of you customers who have traded with us in the past know that we have always offered a combination Home Orchard that included only a variety of different fruits. We proudly present this new collection — designed to supply you and your family with fresh fruits for eating, canning, and making jellies or preserves. All the plants included in this Home Collection will be selected in accordance with the area in which you are living. We'll give you the very best varieties that are adapted to your section. This is the finest offer that we have ever made because it means pleasure and enjoyment for the entire family at a real saving.

- 3 Choice Peaches — The very best for eating, canning and freezing.
- 2 Selected Apricots — beauty for your yard and plenty of good eating.
- 2 Heavy Bearing Plums for eating — jams and jellies.
- 2 Everbearing Figs.
- 2 Pears — eating and canning varieties.
- 2 Apples, including the World Famous Holland.
- 1 Thin-shelled Thomas Black Walnut.
- 3 Grapes for eating or juicing.
- 10 Berry Vines for the finest in cobbles or jellies.
- 25 Everbearing Strawberry Plants that will bear this year.
- 52 Plants *Total*

This collection for the home is made up in 3 sizes — small, medium and large. You save on every size.
